Click and then press the copy button, it will same like nothing happened but it did:

Embed to web page

<http://candydawn121.glogster.com/candys-glog/> **COPY**

```
glog_id=6053930&scale=100" width="960"
height="1300" frameborder="0" scrolling="no"
marginheight="0" marginwidth="0"
style="overflow: hidden;"></iframe>
```

COPY

Do NOT take the Embed information during the saving of your glog, it will be very small if you use any other embed.

Example Embed Code:

```
<iframe src="http://www.glogster.com/glog.php?glog_id=6053930&scale=100" width="960" height="1300"
frameborder="0" scrolling="no" marginheight="0" marginwidth="0" style="overflow: hidden;"></iframe>
```

Then in school wires on the page click View in HTML, leave the existing Text in the box and press enter then Paste your copied embed text, click Apply and then click save on the school wires page.
