Dear Parent(s)/Guardian(s),

Lucille Nesom Memorial School is now preparing for our "Tutoring Program," which allows students to receive additional academic assistance for the LEAP 2025. Your child was selected by reviewing Math LEAP data. This is an important opportunity to help your child improve in school and pass the annual state assessment.

By sending your child to "Tutoring" you are showing support and helping your child to be successful in the years to come. The emphasis of the program will focus on Math Louisiana State Standards.
