VISITING OUR SCHOOLS

Parents/guardians and other school patrons are encouraged to visit our schools at appropriate times. In fact, special programs and visiting days will be planned throughout each school year to provide opportunities for such visits. Principals are responsible for establishing procedures to ensure the proper protection of instructional time and the welfare of the students and employees. In accordance with state law, no person is allowed on school grounds or in school buildings or facilities without authorization from the appropriate school official. Therefore, all visitors must report to the principal’s office immediately upon coming onto school grounds for a visit. Office personnel, principal, counselor, etc., will be made aware of the purpose of the visit. Whenever possible, all visits should be pre-arranged.

A visitor will be any person except the following: an employee of the school or school system, a member of the school or school system’s governing authority, a student enrolled in the school, and/or a parent, guardian, or other person authorized by a parent, guardian, or other person who is delivering the pupil to school at the beginning of the school day or picking up the pupil at the end of the school day. Principals are authorized to take the necessary steps when dealing with unauthorized visitors.

In accordance with state law, the Board authorizes principals, school administrators, and/or school security guards to search the person, and any item in the possession of a person who is not a student enrolled in school or any school employee, while in or on any school property. The search may be conducted at random with a metal detector or physically when there is reasonable suspicion that the person has any weapon, illegal drugs, alcohol, stolen goods, or other materials that violate Board policy.

TANGIPAHOA PARISH SCHOOL SYSTEM’S CORE VALUES – OUR “DNA”

Tangipahoa Parish has identified three core values that we want every citizen of our parish to exhibit every day:

**BE RESPECTFUL. • BE COMPASSIONATE. • BE GREAT.**

Making this shift across our parish requires us to start with our almost 20,000 students that attend our public schools. For the school system to have a positive, lasting impact on students knowing, understanding, and living our core values, it must start with our 2,800 employees first. When every single employee exhibits our core values every day, even under difficult situations, our core values become our DNA. When all our employees model these core values daily, our students will then follow our lead as our expectations of them raise in terms of both academics and behavior, resulting in a more positive school culture and climate. Eventually, our core values will become the DNA of our students and, as a result will have a positive impact on our families and community across this great parish. Students will go home and exhibit our values, families will notice the change in their children. What a tremendous impact we can have on our quality of life here in Tangipahoa Parish! The purpose of this document is to clearly define our core values, describe what our core values will look like in our schools for both employees and students, and determine the non-negotiables regarding our expectations for modeling core values every day.

**CORE VALUE #1: BE RESPECTFUL**

What does it mean to be respectful? At its heart, being respectful means showing that you value other people's perspectives, time, and space. Respect is how you feel about someone and how you treat them. Respect is thinking and acting in a positive way about yourself or others. You are being respectful when you think and act in a way that shows others you care about their feelings and well-being. When you want to be respectful, try putting yourself in another person's shoes and then, behave in a way that shows you care. Showing respect for others both face-to-face and through electronic communication will include such things as not calling people mean names, treating people with courtesy, caring enough about yourself that you don't do things you know can hurt yourself or someone else.

**WHAT DOES IT LOOK LIKE TO BE RESPECTFUL?**

1. *Showing kindness and courtesy.* Being respectful starts with a basic consideration of the feelings of others. Ask yourself how you would want to be treated in a given situation and make an effort to treat other people that way. Treat everyone you encounter—strangers on the street, coworkers, classmates, and family members with respect and courtesy.

2. *Being polite.* The concept of etiquette and good manners seems pointless when you're a kid, but when you grow up you realize that these customs function as a way to keep society running smoothly. Practicing good manners is a way to be respectful of other people's space and time. If no one bothered being polite, everyday situations like eating in a restaurant, waiting in line at the post office, or dealing with bad traffic would be completely intolerable.

3. *Refusing to discriminate.* Be respectful to everyone—not just people you know or those you perceive as having a higher status than you. Some people discriminate by showing respect for people upon whom they want to make a good impression and being rude to everyone else. There is truth in the saying, "You can judge the character of others by how they treat those who can do nothing for them or to them."[4] Be kind to everyone, regardless of who they are, what they look like, or what their relationship is to you.

4. *Respecting differences in belief and opinion.* Be respectful to people who are different from you, even if you don't understand them very well. The differences among us are what make life interesting. Besides, you probably have more in common with people than you know. Even when you really don't see where someone else is coming from, be courteous and civil. You don't have to love everyone you meet and you certainly don't have to agree with them, but you can still show them respect. Be respectful of others, no matter their cultural, religious, and political beliefs.
EXAMPLES OF BEING RESPECTFUL:
1. You comply with established rules, procedures, and policies at school and at home.
2. You are quiet in a classroom showing that you care about or respect others' needs to think or read without interruption. You don't call people names or make threats because you care about their feelings. You keep your hands to yourself, showing respect for the personal space of others.
3. You dress, speak and act in a way that shows you care about what you know is right and safe for yourself and others.
4. You accept other people's rights to look, think, or act differently than you because you care about their feelings and well-being.

NON-NEGOTIABLES FOR BEING RESPECTFUL:
- Students: Students who have this trait can work cooperatively with their peers. They respect the opinions, thoughts, and feelings of everyone around them. They are sensitive to everyone and work to treat everyone as they want to be treated. They use appropriate comments/language, focus on de-escalating situations, and try to uplift others.
- Employees: Employees who have this trait understand that building positive relationships with students, other employees, and parents is the basis on which everything else is built. They have positive supportive interactions with every student. They maintain the dignity of their students at all times and create an atmosphere of trust, respect, and kindness. Employees use appropriate comments/language, focus on de-escalating situations, and try to uplift others.

CORE VALUE #2: BE COMPASSIONATE.

WHAT DOES IT MEAN TO BE COMPASSIONATE?
Being compassionate and kind is closely related to empathy. While empathy refers more generally to the ability to take the perspective of and to feel the emotions of another person, compassion includes the desire to take actions that will alleviate another person's distress. Kindness and compassion are positive qualities that shape relationships between people and help create caring communities. Kindness is a tendency to feel concern for others, empathy refers more generally to our ability to take the perspective of another person and feel their emotions, and compassion goes one step further. Compassion includes the desire to take actions that will alleviate a person's suffering and care for the physical environment as well. Compassion literally means "to suffer together." As we enhance our ability to really see and feel what is around us, our ability to experience compassion grows.

What does compassion look like? A child demonstrates compassion and kindness when acting on feelings of concern. This might include spontaneously helping others (e.g. picking up objects that another child has dropped), trying to stop quarrels, saying kind things, helping a person who is sick or hurt, and inviting others to join in a game or activity. Students with compassion will report when they observe other students being teased or bullied at school. Researchers have demonstrated that empathy and compassion can provide a buffer against aggressive and hurtful behaviors. When children do not feel concern for others, they may engage in hurtful behaviors such as name-calling, taking things from others, hitting, pushing, or teasing. They will not spontaneously offer to help another person who is sick or hurt.

NON-NEGOTIABLES FOR BEING COMPASSIONATE:
Students: Students who have this trait can relate to others even though they may not share the same life experiences or problems. Students can relate to their classmates. They are not judgmental or condescending. Instead, they are supportive and understanding. Students who exhibit compassion will reach out to help others when they see them struggling. Students will many times try to put themselves in the other person's shoes to try and understand their struggle. Students who are compassionate act to help others who are struggling.

Employees: Employees who have this trait can look beyond the walls of their classroom to assess and meet their students' needs. They recognize that some students live a difficult life outside of school and try to figure out solutions for helping those students and families. Employees who are compassionate try to put themselves in the other person's shoes in order to understand their struggle and take action to assist them.
CORE VALUE #3: BE GREAT.

What does it mean to be great? No matter what role you play in our school system, be great at it! Being great means you always give your very best. It doesn’t mean you are perfect, but you strive to reach your full potential. Being great means even when you face adversity, you press on and you don’t give up. Being great is not average. Being great is not just doing your job. Being great is giving it your very best effort despite the challenges you may face. Educating students directly or indirectly is not an easy job. In fact, it is very difficult; however, the rewards are great! Knowing you had some part in helping a child be his/her BEST is the most rewarding thing we can contribute to this world we live in today.

WHAT DOES GREATNESS LOOK LIKE?

1. Greatness is showing up every day and doing your best.
2. Greatness is being accountable for your actions and carrying out tasks that have been assigned in a timely manner.
3. Greatness is the ability to fight through adversity without giving up to accomplish a goal.
4. Greatness is the ability to move beyond a situation in which you were wronged without feeling resentment or holding a grudge.
5. Greatness is the ability to be strong in spirit, to be courageous and brave.
6. Greatness is being a team player and working well with others.
7. Greatness is the ability to make the most of what you have available to solve a problem or make it through a situation.
8. Greatness is having a “GROWTH MINDSET” – always trying to get better at what you do and taking advantage of opportunities to make you a better person.

NON-NEGOTIABLES FOR BEING GREAT:

STUDENTS: Students who have this trait can complete and turn in every assignment on time. They follow a prescribed schedule, refuse to give in to distractions, and stay on task. Students who have this trait can take the tools they have been given and make the most out of their abilities. They are goal oriented, and they do not let anything get in the way of them accomplishing their goals. Students with this trait can let things go and not hold grudges when they have been wronged. They can battle through adversity, stand up for others, and are strong-minded individuals who don’t follow the crowd.

EMPLOYEES: Employees with this trait will do anything to be the best they can be at their jobs. They will not let anything get in the way of educating their students. They will make difficult decisions and will be advocates for students. Employees with this trait are highly reliable, dependable and trustworthy - adding value to the mission of educating all students. They reflect on their work every day making changes and improvements. They are continuously growing, learning, and improving. Employees with this trait can work closely with colleagues, parents, students, and administrators with whom they may have had a conflict and move beyond the situation, letting go of feelings of resentment.

Be respectful.

Be compassionate.

Be GREAT!
The Tangipahoa Parish School Board requires every student attending a school in the District, and every student seeking initial enrollment in the District to complete online registration and provide proof of residency. All children (including Pre-K & K) enrolling in Tangipahoa Parish public schools are required to meet pertinent eligibility requirements. No student will be excluded from the appropriate school within the school district except by due process or failure to meet specifications of Board policies. The Board recognizes that providing equality of educational opportunities for all children requires objectivity. The Board is equally concerned that all admission policies adhere strictly to applicable legal requirements, e.g. health-related standards.

Each student entering the District for the first time or re-entering after interrupted attendance will be required to follow these procedures: Go to www.tangischools.org and click on the “Enrollment” tab to learn more about registration.

Parents/guardians will complete the registration process by making an appointment with a registrar by calling (985) 474-8690 or (985) 474-8691 between the hours of 8:00 a.m. and 4:00 p.m. and bringing the following documents to the appointment:

1. parent/guardian’s photo ID;
2. student’s original birth certificate;
3. student’s immunization record;
4. two (2) proofs of residency in the name of the parent/guardian with physical 911 address (no post office box). Proofs of residency may be any 2 of the following items:
   - property tax record
   - mortgage document or property deed
   - apartment or home lease or notarized statement of the verified property owner identifying himself/herself as the property owner, describing the property, the term of lease, and identifying the leaseholder
   - current utility bills showing the physical residence address in the name of the parent/guardian; and,
   - In the case of a student living with a legal guardian, the court decree declaring the district resident to be the legal guardian of the student must be presented.);
5. a copy of the IEP or IAP (if applicable);
6. high school transcript; and
7. custody papers if parents are separated or divorced or if the child lives with a legal guardian.

**BIRTH CERTIFICATE:** A student must present his/her official birth certificate to the District Registrar in order to be registered for attendance at any school in this district. Only records from an official register of vital statistics will be accepted. A short form birth certification card shall be acceptable. A copy of the certificate will be placed in the student’s cumulative folder as a permanent record. If no birth certificate is presented at the time of registration, the application for an official birth certificate will be made available in the school office. Parent/guardians must pay the required fee and the school must mail the application to the Bureau of Vital Statistics for the parent. A copy of the application must be placed in the student’s cumulative folder until a copy of the official birth certificate replaces the application copy. If no birth certificate is presented or no application for the birth certificate is completed by the parent,
the student will not be registered for school. In such a case, the District Registrar should forward notification to the Child Welfare and Attendance Officer.

**IMMUNIZATION RECORD:** All students entering a school in the District for the first time, including pre-school, kindergarten, elementary and secondary, at the time of registration or entry shall present satisfactory evidence of immunity to or immunization against vaccine-preventable diseases according to a schedule approved by the Office of Public Health, Department of Health and Hospitals, or shall present evidence of an Immunization program in progress. An up-to-date immunization record from the provider or the Louisiana Immunization Network for Kids Statewide (LINKS) data base is the preferred record of documentation for the Tangipahoa Parish School System.

**RESIDENCY VERIFICATION:** All students seeking to enroll in the district shall be required to register at one of the TPSS Registration Centers listed below. School assignment is based only on the physical 911 street address that was entered by the parent/guardian as the student's residency address during online registration. All residency information will be examined and, if necessary, investigated to verify the actual residence of the students. Parents/guardians will be provided confirmation of the residency verification. If at any time the residency information is determined to be false or cannot be verified, the student will immediately be transferred to the correct school in the District or withdrawn and directed to enroll in the public school district of actual residence. Any person who presents or is complicit in the presentation and/or processing of any document that is falsified or otherwise constitutes a fraudulent document presented for the purpose of having a student assigned to a district school for which the student is not zoned to attend under the provisions of the order of the Court shall be subject to penalties for perjury or for making a false statement in a federal legal proceeding. Any time there is a change of address, the parent must contact the Registration Center at (985) 474-8690 or visit the Registration Center at 711 W. Coleman Avenue, Hammond, or the Registration Office at 59656 Puleston Road, Amite. The parent will be required to provide 2 proofs of their new physical 911 address.

**ENROLLMENT OF HOMELESS or UNACCOMPANIED YOUTH:** Homeless or unaccompanied youth will be enrolled according to McKinney-Vento requirements and will be referred to Robin Davis, TPSS Homeless Liaison, in order to identify services needed. The registrar will provide the required McKinney-Vento forms for parents to complete.

**FIRST GRADE:** As a prerequisite to enrolling in the first grade, parents/guardians must present to school officials evidence of the child having attended at least a full-day public or private kindergarten for a full school year or evidence of the child satisfactorily passing academic readiness screening administered by the School System prior to the time of enrollment.

**PRE-SCHOOL ROUND-UP:** Pre-school round-up will be held prior to the new school year for children registering for pre-kindergarten or kindergarten. No child shall be registered at pre-school round-up without the following documents: birth certificate, certified copy of immunization record (State of Louisiana Universal Certificate of Immunization preferred), social security card (if available), and verification of residence.

**STUDENT TRANSFERS:** (FOR TRANSFER OF EXCEPTIONAL STUDENTS, SEE PAGE 33.): Students who do not reside in Tangipahoa Parish will not be allowed to attend TPSS public schools. The deadline to apply for transfers is June 1 of each year. The only student transfers that will be permitted are as follows:

- **MAJORITY-TO-MINORITY (M-to-M):** A student whose race is in the majority at his/her home zoned school is eligible to obtain a Majority-to-Minority Transfer to any grade-appropriate, non-magnet receiving school where his/her race is in the minority. "M-to-M" transfers continue throughout graduation from high school. Students may withdraw from the Majority-to-minority Program by submitting a request in writing to Andrew Jackson, Chief Desegregation Implementation Officer, 59656 Puleston Road, Amite, LA 70422. Transportation is provided within the transportation zone. Parents must provide transportation to schools outside of the transportation zone.

- **ACADEMIC:** Any high school student may seek a transfer for the purpose of enrolling in a JROTC program and/or an Advanced Placement or other advanced course, but only if such course is not offered at his/her home zoned school. The parent will be responsible for transportation.

- **MAGNET:** Students may apply for a transfer from their home school to another school for the purpose of participating in a magnet program. All such applications shall be considered in accordance with the enrollment priorities and enrollment. Withdrawal and retention in the program will be dependent upon the student complying with the Magnet Contract. The District will provide transportation or compensation (if bus transportation is not available) to all students who are granted magnet transfers.

- **MAGNET OPT-OUT (RESIDENT’S CHOICE NOT TO PARTICIPATE IN MAGNET PROGRAM):** If the parent of an elementary student who is zoned to a magnet school does not wish the student to attend the magnet school, the parent may request a Magnet Opt Out Transfer for the student to attend a non-magnet school that serves the same grade located in the same transportation zone. However, the transfer must either be M-to-M or
must not result in a school becoming racially identifiable. Transportation will be provided within transportation zones. Parents must provide transportation to schools outside the transportation zone.

- **JOINT CUSTODY:** Where a court order grants joint custody and does not designate a domiciliary parent, the parents may elect to have the student attend school in the zone in which either parent resides, provided that, if a transfer is necessary, a timely application is made and a certified copy of the court order of joint custody is presented. Such a transfer will be for an entire school year; no withdrawal and return to the other parent’s zoned school will be permitted.

- **CHILD OF TPSS EMPLOYEE:** Regardless of residence within or outside the District, children of school administrators, teachers, other faculty members, non-instructional support personnel, and other personnel assigned to a particular school shall be permitted to attend the school to which the parent is assigned and schools within the parent’s school feeder pattern. Transportation will be provided by the parent at no cost to the District.

- **HARDSHIP OR EXTRAORDINARY CIRCUMSTANCES:** Some situations do not fall within any of the student transfer provisions listed above but where the parent of a student feels that there are extenuating circumstances warranting the transfer of that student. In these cases, the parent may request a Hardship Transfer. The Chief Desegregation Implementation Officer will review the request and any supporting documentation and has the right to request additional documentation relative to the need for the transfer. A hardship must relate to the health and safety of the student, but does not include after school care.

**STUDENTS WHO WITHDRAW FROM THEIR CURRENT SCHOOLS DURING THE SCHOOL YEAR:** The parent/guardian will notify the current school that the student is withdrawing and must return any textbooks and pay any outstanding fees. After withdrawing from the current school, if the student will attend another TPSS school, the parent/guardian will report to one of the two TPSS Registration Centers (711 West Coleman in Hammond or TPSS Central Office at 59656 Puleston Road in Amite) to complete registration. Parents/guardians may not register at the school. Parents/guardians must bring the 2 required proofs of residency, their photo ID, and any custody documents if a legal guardian is registering the student.

**ATTENDANCE:** In accordance with state law, it is the responsibility of every parent, tutor, or legal guardian of a child between the age of 7 and 18 to enforce the attendance of his/her child at the school to which the student is assigned. Once a pupil arrives at school, he/she is expected to remain and attend each class throughout the day. Compulsory attendance laws and Louisiana Board of Elementary and Secondary Education (BESE) regulations require high school students to be in attendance a minimum of 30,060 minutes (equivalent to 83.5 six-hour school days) per semester or 60,120 minutes (equivalent to 167 six-hour school days) a school year for schools not operating on a semester basis in order to be eligible to receive credit for courses taken. Elementary students shall be in attendance a minimum of 60,120 minutes (equivalent to 167 six-hour days) a school year in order to be eligible to receive credit for courses taken. Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The makeup sessions must be completed before the end of the current semester and all other applicable policies must be met.

**EXCEPTIONS TO ATTENDANCE REGULATIONS:** Exceptions to attendance regulations shall be the extenuating circumstances listed below that are verified by the Director or Supervisor of Child Welfare and Attendance or school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

1. Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.
2. An extended hospital stay in which a student is absent as verified by a physician or dentist.
3. Extended recuperation from an accident in which a student is absent as verified by a physician, dentist or nurse practitioner licensed in the state;
4. Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state.
5. Observance of special and recognized holidays of the student's own faith.
6. Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat
zone or combat support posting. Excused absences in this situation shall not exceed 5 school days per school year.

7. Absences as verified by the principal or his/her designee as follows: prior school system-approved travel for education; death in the immediate family (not to exceed 1 week); or natural catastrophe and/or disaster.

For any other extenuating circumstances, the student’s parent or legal guardian must make a formal appeal in accordance with the due process procedures established by the TPSS. Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades, shall not receive those grades if they are unable to complete makeup work or pass the course.

STUDENT ABSENCES AND EXCUSES: The fundamental right to attend a public school places upon students the accompanying responsibility to be faithful in attendance. Regular attendance is essential for a student’s successful progress in the instructional program.

TYPES OF ABSENCES:

➢ NON-EXEMPTED EXCUSED ABSENCES: absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including parent notes) which are not considered for purposes of truancy, but are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

➢ EXEMPTED EXCUSED ABSENCES: absences which are not considered for purposes of truancy and which are not considered when determining whether a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

➢ UNEXCUSED ABSENCES: any absence not meeting the requirements set forth in the excused absence and extenuating circumstances, including but not limited to absences due to any job unless it is part of an approved instructional program. Students will be given failing grades for those days missed and will not be given an opportunity to make up work.

➢ SUSPENSION: a non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension will be counted absent.

➢ ABSENCE DUE TO SCHOOL-APPROVED ACTIVITIES: Students participating in school-approved field trips or other instructional activities that necessitate their being away from school shall be considered to be present and shall be given the opportunity to make up work.

➢ ABSENCE OF STUDENTS EMPLOYED AS CHILD PERFORMERS: Minors employed to perform or render artistic or creative services under a contract or employment arrangement for two (2) or more days within a 30-day period must receive instruction pursuant to statutory provisions.

The principal of a school or his/her designee, shall notify the parent or legal guardian in writing on or before a student's third unexcused absence or unexcused occurrence of being tardy and shall hold a conference with such student’s parent or legal guardian. This notification shall include information relative to the parent or legal guardian’s legal responsibility to enforce the student’s attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student’s parent or legal guardian shall sign a receipt for such notification. Each school shall attempt to provide verbal notification to a child’s parent, tutor, or legal guardian, and, if such verbal notification cannot be provided, then the school shall provide written notification to a child’s parent, tutor or legal guardian when that child has been absent from school for 3 school days in schools operating on a semester basis and for 10 days in schools not operating on a semester basis. The accumulation of days absent need not be consecutive.

After 3 unexcused absences, the parent will be summoned to truancy court. After 5 unexcused absences, the student will be referred to F.I.N.S.

No public elementary or secondary school pupil shall be permitted for any reason to absent himself/herself from school attendance during the school day upon his/her own authority. The principal or designee shall make all reasonable efforts to verbally notify the parent or other person responsible for the pupil’s school attendance of any such prohibited absence by a pupil.
The attendance of all students will be checked each school day and at the beginning of each class period and will be verified by the teacher keeping the record, which shall be open to inspection by the Supervisor of Child Welfare and Attendance or duly authorized representative at all reasonable times. All schools shall immediately report to the Supervisor of Child Welfare and Attendance any unexplained, unexcused or illegal absence, or habitual tardiness. The Supervisor of Child Welfare and Attendance shall, after written notice to the parent or legal guardian of a child or a personal visit of notification, report any such child who is habitually absent or habitually tardy to the family or juvenile court of the parish as a truant child, there to be dealt with in such manner as the court may determine.

WRITTEN EXCUSES: For a student to be eligible to receive credit and make up work following an absence, the student shall be required in each instance to submit parental confirmation of the reasons for the absence. If a student is tardy or absent, the parent or guardian must submit a written excuse, signed and dated, to school authorities upon the student's return to classes, stating the reason for the student's absence from school. A doctor, dentist, or nurse practitioner's written statement of student's incapacity to attend school shall be required for those absences for 3 or more consecutive days due to illness, contagious illness in a family, hospitalization, or accidents. All excuses for a student's absence, including medical verification of extended personal illness, must be presented within 7 school days of the student's return to school or the student's absence shall be considered unexcused and the student will not be allowed to make up work missed.

APPEAL OF ABSENCES: When a student exceeds the maximum number of absences allowed, the parents or student may make a formal appeal to the principal if they feel any of the absences are because of extenuating circumstances. If they feel that the decision is unfavorable, they shall appeal to the Superintendent or his/her designee. After a review by the Superintendent or his/her designee, a decision shall be made and communicated to the parents/legal guardians by letter. High school students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other applicable policies must also be met.

TARDINESS: A student shall be considered tardy to class if he or she is not in the classroom when the bell to begin class ceases. A student shall be considered tardy to school if he or she is not in his or her homeroom/first period class when the bell to begin homeroom/first period class ceases. “Tardy” shall also mean leaving or checking out of school unexcused prior to the regularly scheduled dismissal. There should be an emergency or doctor's appointment in order to check a student out early. Early dismissal shall be treated the same as tardiness on a per semester basis.

Perfect attendance awards should not be granted to persons who leave early except in extenuating circumstances as determined by the principal. Teachers should be sure to document the roll book for students leaving early. Habitual tardiness on the part of students will not be tolerated. Students who exhibit habitual tardiness will be subject to disciplinary action that is appropriate under the circumstances. Parents of students who continue to be tardy shall be notified for a conference with the principal, and the student may be subject to suspension from school and the parent/legal guardian subject to court fines or community service.

The Superintendent or his/her designee must approve any modifications to the Student Dress Code. The Student Dress Code Policy will be revisited by the Committee every 3 years beginning with the 2019-20 school year. However, the Superintendent may ask the School Board to approve an emergency revision at any time. If there are questions regarding student dress and grooming, the school principal or his/her designee will make the final decision as to what is considered proper or improper dress according to the guidelines provided.

STUDENT DRESS CODE GUIDELINES:
1. No student shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, blade, symbol, sign, or other things which are evidence of affiliation with drugs, alcohol, violence or gang-related activities or which exhibit profane or obscene language and/or gestures.
2. No hats, caps, or other headwear shall be worn on school campuses on regular school days, except when a medical condition or religious belief so warrants.

STUDENT DRESS CODE:
The dress and grooming of students shall be that which, in the opinion of the ordinary reasonable person, contributes to the health and safety of the individual, and which is non-disruptive to the educational activities and processes of a school. No mode of attire that disrupts the classroom and/or the school's positive learning environment will be considered proper for school wear. All articles of clothing must be worn as intended by design.

The Superintendent or his/her designee must approve any modifications to the Student Dress Code. The Student Dress Code Policy will be revisited by the Committee every 3 years beginning with the 2019-20 school year. However, the Superintendent may ask the School Board to approve an emergency revision at any time. If there are questions regarding student dress and grooming, the school principal or his/her designee will make the final decision as to what is considered proper or improper dress according to the guidelines provided.
3. Hairstyles shall be clean, neatly groomed and shall not distract from the learning environment nor be a safety factor for any of the school's curricular offerings. Any hairstyle including any hair color other than a naturally occurring color, that distracts from the unique environment of the school will be dealt with by the principal (or designee) of that school.

4. Beards will not be allowed. Mustaches must be clean, neatly groomed and must not distract from the learning environment nor be a safety factor for any of the school's curricular offerings.

6. Students who participate in extracurricular activities (cheerleaders, spirit group dancers, band members, and/or other drill teams) may not wear the group's uniform to class.

DRESS CODE VIOLATIONS

1st VIOLATION:

The student will be sent to the office. If the determination is made that the student is in violation of the TPSS Dress Code, the student’s parents/guardians will be notified of the violation and will be asked to bring the proper clothing to the school. If the parents/guardians cannot be contacted by phone or if proper clothing is not brought to the school, the student will be sent to a designated area determined by the principal/designee. A letter will be sent to the parents/guardians notifying them of the violation and reminding them that future dress code violations will result in suspension of the student.

2nd VIOLATION:

The student may be suspended for 1 day due to disrespect for authority.

SCHOOL UNIFORMS

The Superintendent or his/her designee will consider for approval all deviations to the Uniform Policy for special occasions or events upon written request from the school principal for the following reasons: 1) Positive Behavior Support: Once per six weeks to reward students for good behavior, students may wear their school uniform pants and a school “spirit” shirt; and 2) charity events: Twice per year, for a consistent fee established by the Superintendent and used throughout the School System, students may wear jeans with a school uniform shirt. Staff members may also wear jeans for these special events.

PANTS: All students’ pants must be khaki or navy color twill “slacks” with or without pleats, with or without belt loops, with or without pockets. DISCIPLINE

STUDENT CODE OF CONDUCT: Every student is entitled to an education which shall be offered in an orderly, healthy atmosphere, both physical and emotional, and to firm, fair treatment in all matters pertaining to school life. Education is too important to be the sole responsibility of the schools. The success of school discipline depends upon a collaborative effort among home, school and community. By working together, the School System can achieve the goals it desires - safe, yet orderly schools and a quality education for all children.

The Tangipahoa Parish School System Code of Conduct outlines specific expectations of administrators, teachers, students, and parents. The School Board is dedicated to making sure that all students are in school and engaged in learning. Discipline is defined as “actions that teachers, administrators, support staff, and parents employ to teach students the essential skills necessary for academic and social success.” The discipline code as described in this regulation is not intended to be an exclusive list of acts of misconduct and consequences. Students may be disciplined, including suspension and expulsion following due process, for misconduct that is not specifically identified in this regulation. In addition, the disciplinary consequences listed for each offense may be increased or decreased by the administration or the Tangipahoa Parish School Board due to mitigating or aggravating circumstances. The decision to increase or decrease the consequences for a particular offense rests within the professional judgment and discretion of district administrators and/or the School Board.

This Student Code of Conduct includes, but is not necessarily limited to, acts of students on School Board property, including buildings, playgrounds, parking lots, sidewalks and School Board transportation, or at a school activity, whether on or off School Board property. This includes acts of students while the student is in route to or from School Board property. The TPSS may also discipline students for off-campus conduct that negatively impacts the educational environment or members of the school community, to the extent allowed by law. The content of this Code shall be presented to each student at the beginning of each school year. Copies of these documents will also be available for public inspection during normal business hours in the office of Student Services, at each school site, as well as on the Tangipahoa Parish School System’s website.

DEFINITION OF POSITIVE BEHAVIOR INTERVENTION (PBIS) SUPPORT: Positive Behavior Intervention Support (PBIS) gives people a new way to think about behavior. PBIS is based on understanding why problem behaviors occur - the behavior's function. This approach to behavior can occur on a school-wide level, in a specific setting, classroom, or with an individual student. PBIS is the application of evidence-based strategies and systems to assist schools to increase academic performance, increase safety, decrease problem behavior, and establish positive school cultures. The PBIS process results in the creation of effective intervention plans that will impede problem behaviors, teach new skills, and create support systems for the student.

On a school-wide level, PBIS relies on accurate and reliable discipline referral data to understand the behaviors occurring across campus. An analysis of the data allows a school team to identify the problem areas, brainstorm interventions such as where and what to teach, reward the students exhibiting the expected behavior, and communicate findings to the staff, students, and families. PBIS provides a positive and effective alternative to the traditional methods of discipline. PBIS methods are research-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate and increased academic performance. PBIS is consistent with the Individuals with Disabilities Education Act, which advocates the use of...
positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options.

DEFINITION OF DISCIPLINE: Discipline is defined as actions that teachers, administrators, support staff, and parents employ to teach students the essential skills necessary for academic and social success.

DEFINITION OF CORRECTIVE STRATEGIES: Academic success is directly correlated with instructional time received by the student. In the effort to fully implement Positive Behavior Intervention Support and reduce the loss of instructional time due to out-of-school suspensions and expulsions, the TPSS expects that each school shall utilize a wide variety of restorative practices that do not remove children from valuable instructional time.

Restorative Practices, also known as alternatives to suspension and expulsion, may include but are not limited to:

<tr>
<td>Administrative Conference</td>
<td>A formal conference is held between the student and appropriate administrator in an effort to reach an agreement regarding how the student should behave.</td>
</tr>
<tr>
<td>Alternate Area Assignment (hallways, cafeteria, etc.)</td>
<td>Student may be assigned to a different area in order to prevent the problem behavior. For example, if the student is having difficulty following the school-wide expectations for morning assembly, he/she may be assigned to sit in an area near a duty teacher instead of with his/her class.</td>
</tr>
<tr>
<td>Assigned Seating Change</td>
<td>Student is reassigned to a different seat in the classroom or on the bus to prevent problem behavior from reoccurring.</td>
</tr>
<tr>
<td>Before or After School Detention</td>
<td>Student shall come before school or stay after school for a set period of time. Transportation shall be provided by the family. A staff member shall supervise students assigned to this intervention. During the time of detention, the student may be assigned: re-teaching of expectations, remedial work, reflection sheets pertaining to the misbehavior, community service, counseling or other restorative options.</td>

Positive time out teaches the valuable life skill of learning to take time to feel what you feel, and to calm down until you can behave in more constructive ways.</td>

<tr>
<td><strong>Establish Check in/Check Out</strong></td>
<td>Check in/Check Out is an evidence based behavior strategy used with students to address ongoing behavior concerns. It relies on key concepts such as building relationships, mentoring and teaching replacement skills. The program consists of students daily checking in with an adult at the start of school to retrieve a goal sheet and encouragement. Teachers provide feedback on the sheet throughout the day and students check out at the end of the day with an adult to discuss if the daily goals were met. The student takes the sheet home to be signed, returning it the following morning at check in.</td>

<tr>
<td><strong>Parent Shadow – Reverse Suspension</strong></td>

<td><strong>Role Play Appropriate Behavior and/or Responses</strong></td>
<td>Role playing is a learning structure that allows students to immediately apply content as they are put in the role of a decision maker who shall make a decision regarding a behavior or some other outcome. This technique is an excellent tool for engaging students and allowing them to interact with their peers as they try to complete the task assigned to them in their specific role.</td>

<td><strong>Small Group Intervention/Counseling</strong></td>
<td>Group counseling, which involves a number of students working on shared tasks and developing supportive relationships in a group setting, is an efficient, effective and positive way of providing direct service to students with social/emotional, relationship issues and situational concerns. By allowing individuals to develop insights into themselves and others, group counseling makes it possible for more students to achieve healthier personal adjustment, cope with the stress of a rapidly changing and complex environment and learn to communicate and cooperate with others.</td>

**DEFINITION OF MINOR INFRACTIONS (Handled by the classroom teacher):** Each school shall establish a School-Wide Positive Behavior Support Team with representatives across all disciplines on campus. This team meets to establish school-wide expectations, routines and procedures and determines a plan to teach those to all students. In addition, this team shall establish which behaviors are considered minor on each campus and which ones are considered major (referred to the office). All minor behavior infractions shall be documented and tracked by staff utilizing their Classroom Management Plan. Repetitive minor behaviors can result in a major office referral. Some behaviors that are typically treated as minor are: **dress code/ID violations, tardy to class, classroom disturbance, willful disobedience, blatant refusal to comply with directives.** Parents should be notified when minor behaviors become repetitive.
**DEFINITION OF MAJOR INFRACTIONS (Handled by the school administrator):** Some infractions require students to be referred to an administrator for investigation and delivery of consequences. Major behaviors are generally those that substantially disrupt the learning environment or impose a safety concern. Repetitive minor behaviors can also become a major infraction.

**DISCIPLINARY CONSEQUENCES**

Tangipahoa Parish School System schools shall provide environments for students that are conducive to student success. Such environments are safe, preventive, predictable, and provide a continuum of positive behavior intervention support for all students. The school's primary goal is to educate, not to discipline; however, when the behavior of the individual student comes in conflict with the rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

The Tangipahoa Parish School System recognizes the social and emotional development of children varies significantly from prekindergarten to twelfth grade and have thus created a dual consequence chart that accounts for such. Some infractions committed by a ninth grader may be more significantly disciplined than a similar...
action committed by a first grader. The School Board understands that many of the formative years (PreK-3) focus on teaching young children the expectations, procedures, and norms of school life. As a student progresses, the expectation is that they have been afforded the opportunity to learn and adjust and more significant consequences may occur for rule violations.

Disciplinary INFRACTIONS have been categorized into THREE Levels:
- **LEVEL ONE:** Inappropriate Activities that interfere with the learning environment
- **LEVEL TWO:** Activities that disrupt the learning environment or that may lead to level three infractions
- **LEVEL THREE:** Illegal activities or activities that endanger individuals or the school community

Disciplinary CONSEQUENCES have been designed to become progressively more involved as a student repeats the problem behavior. Repeated LEVEL ONE behaviors can result in a student moving to LEVEL TWO consequences after the third occurrence. Administrators may select to issue one or more consequence based upon the investigation of the incident and its severity.

### DUE PROCESS PROCEDURES

Any time an administrator or disciplinarian receives a student behavior report completed by a school staff member, the student in question is to be afforded due process. Due process, for purposes of this code, is defined as:

1. The student shall be told what he is accused of and by whom (school staff member).
2. The student shall be given an opportunity to tell his version of the facts.
3. Student shall be allowed to provide any witnesses to the event.
4. The student shall be informed of the administrator's action on the infraction (consequence).
5. The Student should sign the discipline form to indicate receipt.
6. Parents shall be notified by personal phone call at the numbers provided to the Registration Office or otherwise. You may also send a copy of the discipline form home with the student.

### OUT OF SCHOOL SUSPENSION PROCEDURES

A student may be suspended out of school for a maximum of ten consecutive school days. Any time a student is suspended out of school the following shall occur:

1. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the reason for and length of the suspension.
2. The principal/designee shall establish a date and time for a conference with the principal or designee as a requirement for readmitting the pupil.

3. Notice shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card, or by sending a letter to the address shown on the pupil's registration card.

4. The principal/designee shall notify the student and parent that the student may not be on any property of the Tangipahoa Parish School or participate in any school activity or any school sponsored event during the time of the suspension.

5. A student who is suspended for ten (10) days or fewer shall be assigned school work missed while he/she is suspended and shall receive either partial or full credit for such work if it is completed satisfactorily and timely as determined by the principal or his/her designee, upon the recommendation of the student's teacher.

EXPULSION PROCEDURES
An individual principal/designee may not expel any student or place any student directly into the Alternative School. Principals/designees may recommend expulsion. A Due Process/Expulsion Hearing shall then be set with a representative from the Tangipahoa Parish School Board Student Services Office. The following procedures shall occur:

1. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the reason for the recommendation for expulsion.

3. Notice of the date and time of the hearing shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card and by sending a letter to the address shown on the pupil's registration card.

4. The principal/designee shall notify the student and parent that the student may not be on any property of the Tangipahoa Parish School or participate in any school activity or any school sponsored event during the time of the suspension.

5. The Student Services Office shall conduct a hearing to determine the facts of the case and make a finding of whether or not the student is guilty of conduct warranting a recommendation of expulsion. Following the hearing, the Student Services Office shall notify the parents of the decision rendered.

6. A student who is expelled and receives educational services at an alternative school site shall be assigned work by a certified teacher and shall receive credit for school work if it is completed satisfactorily and timely as determined by the teacher. Such work shall be aligned with the curriculum used at the school from which the student was expelled.

A student shall be subject to disciplinary action for conduct or offenses that occur at extracurricular activities, sporting events (even where said student is merely a spectator), conventions, in the parking lot or other areas of school property, and at any other school's activities. This even includes school campuses other than where the student attends school.

Any graduating senior committing a serious offense warranting suspension or expulsion may be prohibited from participation in graduation exercises upon recommendation of the principal and after a hearing by the Superintendent or his/her designee/hearing officer. If prohibited from participation the senior shall receive his/her diploma by mail.

DISCIPLINE PROCEDURES FOR STUDENTS ENROLLING FROM OUT OF PARISH: The discipline record (including suspensions) of any student entering the Tangipahoa Parish School System (TPSS) from another school during the school year shall follow the student from the school last attended to the TPSS. For instance, a student that transfers to a TPSS school and has three (3) suspensions in the former school shall start in the
TPSS system with three (3) suspensions. Any student who transfers to the TPSS during the school year who has four (4) or more out of school suspensions at the time of transfer shall start at the TPSS Alternative Program.

**DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES:** The *Discipline Procedures for Children With Exceptionalities* in Tangipahoa Parish Schools are developed and implemented in accordance with the Individuals with Disabilities Education Improvement Act of 2004, the federal law governing the provision of a Free Appropriate Public Education (FAPE) for the discipline of students with disabilities; Louisiana Bulletin 1706, *Subchapter B: Discipline Procedures for Students with Disabilities*, §530, and the policy of the School Board of Tangipahoa Parish.

School personnel may remove a student with a disability or suspected disability, who violates a code of student conduct, from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension for not more than ten (10) consecutive school days, to the extent that those alternatives are applied to students without disabilities. Additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct are allowed, as long as the removal does not constitute a change of placement. A change of placement occurs if a student with a disability is removed from his or her current educational placement for more than ten (10) consecutive school days; or a student with a disability is subjected to a series of removals, cumulating to ten or more days, that constitute a pattern because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

After a student with a disability has been removed from his or her current placement for ten (10) school days in the same school year, during any subsequent days of removal the Tangipahoa Parish School System shall provide services which enable the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur.

Whenever an action involving a removal that constitutes a change of placement for a student is contemplated, a Manifestation Determination Review is required.

Within ten (10) school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the IEP team shall review evaluation and diagnostic results and other relevant information supplied by the parent or the student, consider observations of the student, and consider the student’s IEP and placement to determine if the conduct in question was caused by, or had a direct and substantial relationship to, the student’s disability; or if the conduct in question was the direct result of the Tangipahoa Parish School System failure to implement the IEP.

On the date which the decision is made, school personnel shall notify the parents of that decision and provide the parents the procedural safeguards (*Louisiana’s Educational Rights of Children with Exceptionalities in Public Schools*).

For disciplinary changes in placement due to behavior that violates a code of student conduct that exceed ten (10) consecutive days:

If school personnel, the parent, and members of the student’s IEP team make the determination that the conduct was not a manifestation of the student’s disability, school personnel may apply disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except the student should continue to receive educational services. School personnel and at least one of the student’s teachers should determine the extent of services needed for the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. If a behavioral intervention plan has already
been developed, the current plan shall be reviewed and modified to address the current behavior. Services may be provided in an interim alternative educational setting, as determined by the student’s IEP Team.

If school personnel, the parent, and members of the student’s IEP team make the determination that the conduct was a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the current plan shall be reviewed and modified to address the current behavior. If Tangipahoa Parish School System failed to implement the IEP, immediate steps should be taken to remedy the deficiencies. The student is to return to the placement from which he or she was removed, except under Special Circumstances; or unless the parent and school personnel agree to a change of placement as part of the modification of the behavioral intervention plan.

School personnel may remove a student to an interim alternative educational setting, under Special Circumstances, for not more than forty-five (45) school days, without regard to whether the behavior is determined to be a manifestation of the student’s disability if:

1. The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the State or any School Board (under paragraph (2) of the first subsection (g) of 18 USC 930).

2. The student knowingly possesses or uses illegal drugs, sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the State or any School Board (Identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substance Act (21 USC 812(c)).

3. The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the State or any School Board (under paragraph (3) of subsection (h) 18 USC 1365).

In-school suspensions in which a student’s IEP is being implemented are not considered removals from a student’s current educational setting. All other removals, whether to an alternative school or homebound, are considered changes in placement, regardless of whether the student’s IEP is being implemented in the alternative setting.

Any parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination; or Tangipahoa Parish School System believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing under Bulletin 1706, §507 (Filing a Request for Impartial Due Process Hearing) and §508 A and B (Due Process Hearing Request).

Whenever an Expedited Due Process Hearing is requested, the parents or the school administrator or their designee involved in the dispute should have the opportunity for an impartial due process hearing which should occur within twenty (20) days of the date the request is filed. A resolution meeting shall occur within seven (7) days of receiving notice of the Request for Due Process Hearing unless the parent and school administrator or their designee agree, in writing, to waive the meeting. The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within fifteen (15) days of receipt of the Request for Due Process Hearing.

SECLUSION AND RESTRAINT POLICY AND PROCEDURES FOR STUDENTS WITH DISABILITIES: The TPSS Seclusion and Restraint Policy and Procedures will be posted on the TPSS website, and, effective with the 2013-14 school year, included in the Student & Parent Handbook, a copy sent to parents of all students with an IEP during the first 3 weeks of the school year. All local education agencies (LEAs) must have local written guidelines and procedures for appropriate responses to the behavior of student with disabilities that may require immediate intervention in the form of seclusion and restraint. These written guidelines and procedures must be provided to every parent of a child
with a disability in the LEA and to all school employees, posted at each school and on the LEA’s website, and a copy must be provided to the Louisiana State Department of Education ((LDOE). The Tangipahoa Parish School System (TPSS) has approved the following guidelines and procedures relative to the use of seclusion and restraint by its employees:

- **Notification requirements for school officials and parents/legal guardians:** When a student is restrained or placed in seclusion, parents/guardians must receive a phone call from a school administrator as soon as possible. All employees who witnessed/assisted with the incident must complete the Physical Restraint Incident Report (PRI) within 24 hours and submit the form to their school administrator. The PRI must be mailed to the parent/guardian no later than 24 hours after the incident. If an administrator is not available, the administrator's designee must notify the parent/guardian. The Director of the Office of Students with Disabilities, as well as the Director of Student Services must receive a copy of the form within 2 school days. The Seclusion Incident Log (SIL) must be completed by the person(s) designated to observe/monitor the student every 15 minutes. This form must be submitted to the school administrator by the end of the day of the incident. The SIL form must be mailed to the parent no later than 24 hours after the incident.

- **Explanation of methods of physical restraint:** Employees with Handle with Care (HWC) Behavioral Management System training are trained to focus on prevention and use proven strategies for safely defusing anxious, hostile, or violent behavior at the earliest possible stage. Whenever practical, these employees are the “first responders” in situations that may escalate to the point of physical restraint. These employees are trained in practicing the principles of non-harmful physical intervention, thereby reducing the risk of injury.

- **Training requirements relative to the use of restraint:** The principal, in conjunction with Central Office personnel, will select the employees to be trained to use HWC. The training will be conducted by a certified trainer with refreshers/updates provided annually. The Office of Students with Disabilities Coordinator will maintain documentation of training.

- **Dissemination of guidelines and procedures to all school employees:** All school employees will be provided a copy of the TPSS Seclusion and Restraint Policy and Procedures during the first 3 weeks of school. All employees will be afforded the opportunity to receive additional information upon their request. School administrators will provide a copy to all employees and obtain their signature indicating receipt of the information.

- **Notification to the Louisiana Department of Education:** The Director of the Office of Students with Disabilities and the Director of Student Services will be responsible for notifying the LDOE.

- **A complete copy of the TPSS Seclusion/Restraint Guidelines and Procedures may be found on the TPSS website (click on info tab and scroll to policies) and a hard copy may be obtained by contacting the Student Services Department (985-748-2527) or the Office of Students with Disabilities (985-542-7195).**

**MEDICAL INFORMATION**

**Verna Thompson, RN, Head School Nurse**

Telephone: 985-748-5868
Email: verna.thompson@tangischools.org

In order for proper care to be provided for students at school, it is the responsibility of the parent/guardian to notify the school nurse when a student has a chronic medical condition or health problem. This must be done at the beginning of every school year, or as soon as the parent/guardian becomes aware of the student’s condition throughout the school year if the child’s medical condition changes. This will enable the parent/guardian to discuss with the school nurse the care the child may need at school. Some examples of chronic medical conditions are seizures/epilepsy, diabetes, asthma, celiac disease, severe allergic reactions to insects or food that require the use of an Epi-pen or Benadryl during the school day.

Parents/guardians should carefully consider a child’s statement of feeling ill. If you are notified by the school that your child is ill and needs to be picked up, you must make arrangements to have your child picked up from school within one (1) hour.
GUIDELINES TO HELP YOU DETERMINE WHEN A CHILD SHOULD NOT ATTEND SCHOOL:

- **Diarrhea/vomiting:** Students who are vomiting or having diarrhea (2 or more watery stools) will be sent home from school. They will not be allowed to return until they are symptom free for 24 hours. Children should be kept home if they were vomiting or experience diarrhea during the night.

- **Fever:** Students who have a fever of 100.4°F or higher will be sent home. Students will be readmitted after they have been fever free for 24 hours without the use of fever reducing medications, i.e., Tylenol, Motrin, and Advil. (Please refer to the protocol concerning student absences.)

- **Pink Eye:** Symptoms of pink eye such as eye drainage, crusty eyelids, redness on the white part of the eyes, swelling, and itching may indicate pink eye, which is a contagious disease. Children with these symptoms will be sent home and should be seen by a doctor for a diagnosis. A doctor’s excuse that states WHEN the student will be allowed to return to school will be required. No eye drop medication is allowed at school.

- **Rash/lesions:** A student with an undiagnosed rash or lesions will not be allowed to stay at school. Skin rashes or lesions will be considered possibly contagious. A doctor’s excuse is required in order for the student to return to school.

- **Boils:** Students with boils must be seen by a doctor and must remain home for 24 hours after starting antibiotics. A doctor’s note will be required in order for the student to return to school, and when he or she returns to school, the boil must be covered.

- **Head lice:** To help prevent the spread of head lice infestations, school employees shall report all suspected cases of head lice to the school nurse or trained school personnel. The student shall be examined to determine an infestation by looking closely through the hair and scalp for nits or live lice. If an active infestation is present, based on the presence of live lice or many nits less than ¼ inch from the scalp as per the American Academy of Pediatrics (AAP), the parent/guardian shall be notified to arrange pickup of their child from school. The parent/guardian shall be provided information on the biology of head lice, methods to eliminate infestation, and directions to examine household contacts for infestation. (See back of exclusion form.) According to the AAP, nits more than ¼-inch from the scalp indicate the infestation is probably old and no longer active and does not need to be treated. The parent/guardian must bring the student to school and remain until the school nurse or trained personnel determines if the student may return to class. If live lice are found, one additional excused day may be given. Before re-admittance to the classroom, the school nurse or trained school personnel shall re-examine the student’s head for an active infestation. Students should not miss more than two (2) days of school for the treatment of head lice. Additional days will be considered unexcused.

IMMUNIZATIONS: Students entering school for the first time shall present a completed or up to date immunization record. (Louisiana State Law Statute LA R.S. 17; 170) All students entering 6th grade AND 11 years old or any student who is 11 years old (regardless of grade) shall present evidence of age appropriate vaccinations including a Tdap booster, meningitis vaccine and a second varicella (chickenpox). Students who have not received proper immunizations may not be allowed to come to school if there is an outbreak of communicable disease at school (chickenpox, measles, pertussis, etc.). If an outbreak of a vaccine-preventable disease occurs, upon the recommendation of the state office of public health, school administrators may exclude from attendance unimmunized students until the appropriate disease incubation period has expired, or the unimmunized person presents evidence of immunization. Parents of students who are unable to receive their immunizations due to medical, religious, or personal reasons must complete a letter of dissent. Letters of dissent must be completed in the registrar’s office and signed and witnessed in front of the registrar. If this dissent is due to a medical reason, a written statement from the doctor must be received.

VISION AND HEARING SCREENING: Students’ vision and hearing are screened by the school in pre-k, kindergarten, 1st, 3rd, 5th, 7th, 9th and 11th grades and from parent or teacher referrals. If a problem is detected, a note will be sent home to the parent referring them to their physician for a more complete evaluation.

POST-SURGERY, HOSPITALIZATION OR DENTAL PROCEDURES: If a student is hospitalized, has surgery, or a dental procedure requiring sedation, he or she must bring a note from the physician or dentist allowing the student to return to school and including any restrictions, etc.

MEDICATIONS: Parents/guardians should contact the school nurse if his or her child needs to take medications (prescription and/or over-the-counter) for chronic conditions at school. State law requires a Medication Administration Form to be completed by the physician and parent/guardian. If a student is prescribed a new medication, he or she must remain at home for one (1) day after the first dose of the new medication in order to be observed for adverse reactions.
MEDICATION ADMINISTRATION GUIDELINES:
1. Medications given at school should be limited to those which cannot be administered before or after school. Emergency medications may be administered at school.
2. A written Medication Order from a physician or dentist licensed to practice medicine in Louisiana or an adjacent state (TX, AR, or MS), or any other prescriber authorized in the state of Louisiana to prescribe medication or devices is required.
3. A Medication Order is also necessary for medications that might ordinarily be available over the counter.
4. The Medication Order must be written on the “Medication Order Form” approved by the Tangipahoa Parish School System. This form may be obtained at the school office or on the TPSS website (www.tangischools.org).
5. Orders for multiple medications on the same form, incomplete forms, or a form with a prescriber’s stamp will not be accepted.
6. The Parent/Guardian Request and Authorization for Medication Administration Form must be completed.
7. Students are not allowed to transport medications to school. Medication must be delivered to school by a parent/guardian in a properly labeled container as dispensed by the pharmacist. The parent/guardian should get two (2) containers from the pharmacist for each medication to be given at school so there is proper labeling for the medication to be given at home and at school. If the medication is not properly labeled and does not match the physician’s order exactly, it cannot be given.
8. Only a thirty-five (35) school day supply of medication may be brought to school.
9. The initial dose of a medication must be administered outside of the school jurisdiction with sufficient time for observation for adverse reactions.
10. At the beginning of each school year and any time there is a change in medication (e.g. dosage or time), a new Medication Order Form and a new Parent/Guardian Request and Authorization for Medication Administration Form must be completed.
11. Under no circumstances will a parent be allowed to make changes to a medication (e.g. dosage or time) without a written Medication Order.
12. An appointment must be made with the school nurse if new medication will be brought to school and if a change in a medication order occurs.

HIGH SCHOOL STUDENTS:

- A Progress Report will be issued to high school students every 6 weeks.
- Formal Student Evaluation Reports will be issued at the end of the first and second semester.
- Student Evaluation Reports should not be returned to the school.

It is extremely important for parents/guardians to monitor the academic progress of their children. Although it is the responsibility of each student to deliver evaluation reports to his/her parents/guardians, a student’s academic progress may be monitored daily through the “Student Progress Center.” If parent conference days are scheduled, parent/guardians will be notified. If further information is needed, parent/guardians should contact the school the child attends.

TEXTBOOKS:  Textbooks are issued to students at the beginning of each year or semester, as applicable. Students are responsible for the proper use and care of textbooks and other materials of instruction that are on loan during the school year. If textbooks that are issued are lost, the student must pay the full cost of the textbook in order for a replacement to be provided. If textbooks that are issued become damaged, the student will be assessed a fee for damages. Extreme damages will result in full payment of the cost of the textbook. Some classes use classroom sets of textbooks that are not issued to students; however, a textbook may be checked out for home use when needed.

CLASSIFICATION OF STUDENTS (GRADES 9-12):

ATTENDANCE:  Students must attend school a minimum number of days per semester as established by Bulletin 741. (See Attendance Regulations.)

HIGH SCHOOL CREDIT FOR MIDDLE SCHOOL STUDENTS:  All middle school students will be able to enroll in a minimum of 3 Carnegie (high school) credit courses in grades 6-8 (one per year). Students can earn up to 4 Carnegie units in middle school. High school courses offered at the middle school level include the following: Keyboarding/Keyboarding Applications 1 credit/6th grade), Computer Literacy (1/2 credit/7th grade), Health (1/2 credit/7th grade) and Journey to Careers (1 credit/8th grade). Students who meet eligibility requirements outlined in the TPSS Pupil Progression Plan
may be eligible to take other core high school courses. For elective courses, students will receive pass/fail final grades. For final grades in core courses, students will receive a letter grade.

HONORS COURSES CRITERIA FOR ADMISSION (GRADES 9-12): High school students may take honors courses if they meet the criteria for admission outlined in the Pupil Progression Plan. Students must meet 3 of the following 5 criteria yearly for the subject area in order to take honor courses: minimum overall Grade Point Average (GPA) of 2.8, minimum subject area average of 3.0, teacher recommendation based on a subject-area checklist, score of “Mastery” or “Advanced” on LEAP or End-of-Course (EOC) test in subject area, and/or student and parent recommendation.

The following honors courses have been designated to follow the grading system for honors subjects:

HONOR ROLL AND PRINCIPAL’S ACHIEVEMENT ROLL:

LEVELS OF RECOGNITION FOR ACADEMIC ACHIEVEMENT (GRADES 1-7):

1.0 & above – Honor Roll  3.5 - 3.9 – Honor Roll  3.0 - 3.4 – Honor Roll  Principal’s Achievement Roll

SELECTION CRITERIA (GRADES 1-7): Teachers use the letter symbols A, B, C, D, and F to report pupil progress in all grade levels except kindergarten. These same letter symbols are used to indicate pupil progress for each academic subject area that is listed on the report card. The selection of students for Honor Roll recognition or Principal’s Achievement Roll recognition will be determined by the grades earned in academic subjects only. Students who receive a “D” or “F” for a six-week grade will NOT be eligible for the Honor Roll. A student is NOT eligible to receive Honor Roll recognition if his or her promotion is in danger. Conduct is not an academic subject area; therefore, it is NOT a factor to be used in selection of students for Honor Roll recognition.

ADMINISTRATIVE OPTIONS: School participation in the Honor Roll program for grades 1-3 is optional. Participating schools may decide to publicize Honor Roll and Principal’s Achievement Roll recognition in a manner deemed most appropriate by the local school administration.

LEVELS OF RECOGNITION FOR ACADEMIC ACHIEVEMENT (GRADES 8-12):

4.0 & above – Honor Roll  3.5 - 3.9 – Honor Roll  3.0 - 3.4 – Honor Roll  Principal’s Achievement Roll

ADMINISTRATIVE PROCEDURES: To recognize honor students for academic achievement, the percentage grade will be converted to a letter grade, the honors grading scale will be used for honors subjects, and honor roll for high schools will be acknowledged at semesters only.

PRINCIPAL’S ACHIEVEMENT ROLL: This is intended to provide recognition for students who achieve continuous progress consistent with their ability. Students may receive this recognition if they do not satisfactorily complete the minimum levels required for promotion.

HONOR STUDENTS: Beginning with the freshman class of 2008-2009, to be eligible to compete for scholastic honors in a particular TPSS school, a student must have been registered in that school for the final semester of his/her senior year (90 days). Should the student fail to register during the first 10 days of the spring semester because of personal illness or illness in the family, this fact must be substantiated by a doctor’s certificate. The high school average of all semester grades is used in determining the honor students. To determine who shall be the honor students in the graduating class, the following procedure will be followed: All subjects in which credit was received shall be listed in the transcript sent to the Louisiana Department of Education. The cumulative grade point average (GPA) on the official transcript will be used as a basis for determining who will be honor students. Public recognition of honor students should be given at commencement exercises. Students will be recognized as honor students by using the following system: Summa Cum Laude-4.0 GPA, Magna Cum Laude-3.999–3.50 GPA, and Cum Laude-3.499-3.00 GPA.

ACCELERATION (Grades K-8 and 9-12 Criteria): Policies and procedures that address the placement of students who evidence that they will benefit more from the instructional program at an advanced grade level may be found on the TPSS website (www.tangischools.org).

LEAP 2025/EOC REMEDIATION COURSE: Students may apply a maximum of 2 Carnegie units of elective credit toward high school graduation by successfully completing specially designed courses for remediation.
ONCOURSE CONNECT (formerly “Student Progress Center”): The TPSS is committed to including parents/guardians in the educational process and one way to accomplish this is through a web application called “OnCourse Connect.” This online system allows parents/guardians a safe and secure means of reviewing their child’s class assignments, grades, attendance records, discipline, transcripts, fees, and other information. Current grades are posted for every subject a student takes. When teachers enter test and assignment grades, the student’s average is shown, thereby allowing parents/guardians the ability to monitor the child’s progress in each subject. For more information regarding OnCourse Connect, parents/guardians should contact the child’s school. Forms and user guides may be found on the TPSS website (www.tangischools.org) under “Resources/For Parents.”

HOMEWORK HELP: Homework Louisiana (HomeworkLa.org), is a service of the State Library of Louisiana that offers FREE online tutoring and academic resources from Tutor.com for Louisiana residents from kindergarten students through adult learners. Students may get help in math, science, social studies or English from a live tutor. The services may be accessed from a Louisiana public library, from your home computer, or from a mobile device.

Federally funded Title I Parent Centers offer free services to all parents whose children attend Title I schools or who meet the guidelines of targeted assistance programs. Children do not have to be school age. Parent Centers encourage and support efforts by families to take a more active role in their child’s learning by 1) offering parent training sessions (computer, computer lab, etc.) to guide parents in helping their children with school work; 2) guiding parents in preparing their young children for future entry into the School System; 3) loaning educational materials (student workbooks for summer review, readiness materials for young children, etc.) to parents; and 4) providing individual consultations to parents seeking guidance in improving their child’s academic skills. Parent Centers follow the Tangipahoa Parish school calendar and are located at: C. M. OFFICE OF STUDENTS WITH DISABILITIES

Catherine Lofton, Pupil Appraisal Coordinator

Telephone - 985-310-2135  Email - Catherine.Lofton@tangischools.org

TRANSFER OF EXCEPTIONAL STUDENTS: Exceptional students with a current Individual Education Plan (IEP) who transfer for any reason from one approved public school to another within the parish or from another Louisiana school system will be placed in the appropriate special education program as specified on the Services/Placement Section of the Individual Education Plan (IEP) within 5 days of enrollment. Exceptional students who transfer from out of state, migrant and/or private school must present documentation of a current IEP and/or individual evaluation that meets Bulletin 1508 eligibility requirements from the transferring school. Students with this documentation will be placed in the appropriate special education program as specified on the IEP within 10 days of enrollment. If the exceptional student has a current IEP, but has no individual evaluation from the transferring school, the student will be interim placed in the appropriate special education program as specified on the IEP within 10 days of enrollment.

Upon receipt of an individual evaluation, the evaluation will be referred to the IEP Committee. This Committee will meet and determine appropriate special education placement within 10 calendar days. Ineligible students will be referred to the School Building Level Committee for processing in accordance with Bulletin 1508; and 2) an out of state transfer student whose evaluation does not meet Bulletin 1508 but who exhibits a low-incidence disability condition will be placed on an interim IEP for 60 days in order for the individual evaluation to be completed. Upon completion of the individual evaluation, an initial IEP will be completed if 1508 criteria are met. When a previously identified exceptional student enters school from a home study plan, his or her evaluation will be reviewed by Pupil Appraisal Personnel. If the evaluation is current (within the last 3 years), an IEP meeting will be held within 30 calendar days to determine placement. Students whose multi-disciplinary evaluation has expired (3-year timeline) shall be placed in the regular education program in accordance with local policy. The student will be referred to the School Building Level Committee to initiate a reevaluation to determine the need for special education and/or related services.

No student who has been expelled in accordance with state law from any school in the state will be admitted to any school in the TPSS except upon the review and approval of the Board. No student who has been expelled from any school outside the state of Louisiana or any nonpublic school within Louisiana for committing any of the offenses enumerated in state law shall be admitted to any school in the TPSS except upon the review and approval of the governing body of the admitting school.
DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES: Discipline procedures for students with exceptionalities in the TPSS are developed and implemented in accordance with the Individuals with Disabilities Education Improvement Act of 2004, the federal law governing the provision of a Free Appropriate Public Education (FAPE) for the discipline of students with disabilities; Louisiana Bulletin 1706 Subchapter B: Discipline Procedures for Students with Disabilities and §530; and Tangipahoa Parish School Board policy. School personnel may remove a student with a disability or suspected disability who violates a code of student conduct from his or her current placement to an appropriate interim alternate educational setting, another setting, or suspension for not more than 10 consecutive school days, to the extent that those alternatives are applied to students without disabilities. Additional removals of not more than 10 consecutive school days in the same school year for separate incidents of misconduct are allowed, as long as the removal does not constitute a change of placement. A change of placement occurs if a student with a disability is removed from his or her current educational placement for more than 10 consecutive school days, or a student with a disability is subjected to a series of removals, cumulating to 10 or more days, that constitute a pattern because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

After a student with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the school district must provide services that enable the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur.

Whenever an action involving a removal that constitutes a change of placement for a student is contemplated, a Manifestation Determination Review is required. Within 10 school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the IEP team shall review evaluation and diagnostic results and other relevant information supplied by the parent or the student, consider observations of the student, and consider the student’s IEP and placement to determine if the conduct in question was caused by, or had a direct and substantial relationship to the student’s disability; or if the conduct in question was the direct result of the district’s failure to implement the IEP. On the date that the decision is made, school personnel shall notify the parents of that decision and provide the parents the procedural safeguards (Louisiana’s Educational Rights of Children with Exceptionalities in Public Schools).

For disciplinary changes in placement due to behavior that violates a code of student conduct that exceed 10 consecutive days: If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was not a manifestation of the student's disability, school personnel may apply disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except the student should continue to receive educational services. School personnel and at least one of the student's teachers should determine the extent of services needed for the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. Services may be provided in an interim alternative educational setting, as determined by the student’s IEP Team. If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. If the school district failed to implement the IEP, immediate steps should be taken to remedy the deficiencies. The student is to return to the placement from which he or she was removed, except under Special Circumstances; or unless the parent and school personnel agree to a change of placement as part of the modification of the behavioral intervention plan.

School personnel may remove a student to an interim alternative educational setting under Special Circumstances for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the student’s disability if:
1. The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the state or any school board (under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code;

2. The student knowingly possesses or uses illegal drugs, sells, or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (identified under Schedules I, II, III, IV, or V in Section 202(c) of the Controlled Substance Act (21 U.S.C. 812(c)); or

3. The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (under paragraph (3) of subsection (h) of section 1365 of Title 18, United States Code.

In-school suspensions, in which a student’s IEP is being implemented, are not considered removals from a student’s current educational setting. All other removals, whether to an alternative school or homebound, are considered changes in placement regardless of whether the student’s IEP is being implemented in the alternative setting, unless a reevaluation is conducted and the student’s IEP team determines these are the Least Restrictive Environment (LRE).

Any parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination, or the school district believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing under Bulletin 1706, §507 (Filing a Request for Impartial Due Process Hearing) and § 508 A and B (Due Process Hearing Request). Ref. LA. Regulations for Implementation of the Children with Exceptionalities Act, Bulletin 1706 Subchapter B: §530. Seclusion/restraint procedures provide guidance for the use, reporting, documentation and oversight of seclusion and restraint in the TPSS following issuance of regulations by the Board of Elementary and Secondary Education (BESE), Louisiana Department of Education (LDE). These procedures specifically address the statutory requirements of La. R.S. 17:416.21 (Louisiana Act 328 of 2011) and revised Louisiana Bulletin 1706 regarding the use of seclusion and restraint being used as emergency safety measures to control the actions of students with exceptionalities in Louisiana’s public schools.

It is understood that this procedural/guidance document is a work in progress and in no way constitutes the totality of interventions and strategies that may be used by the Tangipahoa Parish School Board and its personnel in addressing the educational needs of students with exceptionalities. For the purposes of this document, the TPSS may encompass adopted policies, administrative procedures implemented by school administrators and school employees (as defined herein) and guided forms developed to assist school employees in carrying out their responsibilities under La.R.S.17:416.21 (Act 328 of 2011) and applicable sections of Louisiana Bulletin 1706. You may ask your school administrator for a full copy of these procedures.

Emergency shall mean an actual or imminent threat to public health or safety which may result in loss of life, injury, or property damage. For purposes of the policy, the terms “use” and “operation” shall mean whenever the electronic device is turned on.

**ACCEPTABLE USE:** The protection of instructional time and campus safety are priorities in establishing guidelines for acceptable use of electronic devices. Every high school may develop and submit to the superintendent’s office an Acceptable Use Plan for Electronic Devices outlining when and how students may be allowed to possess, access and use their electronic communication devices on campus or on a school bus. Schools whose grade levels range from kindergarten to 8th grade are not allowed to use technology devices on campus unless during a lesson when a teacher has it outlined in his/her lesson plan. Should students choose to use an electronic device to video fights, text message test items, text message for unauthorized persons to check them out, post incidents that happened on school campus on the Internet or similar practices that create a “substantial disruption” to the learning environment on a campus, the student(s) shall be suspended out of school for a minimum of 3 days and possibly recommended for expulsion depending on the circumstances. Law enforcement shall be asked to assist with any investigation involving a cell phone or other electronic device that “substantially disrupts” the learning environment on a campus.

**SECOND OFFENSE:** The phone shall be taken from the student then labeled with the student’s name and kept in a locked place at the school for up to 5 school days not to include weekends and holidays. After the fifth day, a parent shall be allowed to pick up the phone and pay up to a $15 fine to the school before the phone is returned.
THIRD AND SUBSEQUENT OFFENSES: The phone shall be taken from the student, then labeled with the student’s name and kept in a locked place at the school for 10 school days, not including weekends and holidays. The parent and student shall be informed that the child:

Additionally, the parent/guardian shall pay a $25 fine before the phone is returned. Any additional offenses will require the student move to the next level of the TPSS Student Code of Conduct and pay an additional $25 fine. Should a student refuse to follow a directive and relinquish an electronic device when requested to do so by school personnel, he or she shall be suspended for up to 5 days and/or recommended for expulsion.

7. **Violating Copyright Laws:** The illegal installation, downloading, copying or sharing of copyrighted software for use on district computers is prohibited. Transmission of any materials in violations of any U.S. or state regulation is prohibited. This includes, but is not limited to copyrighted software, music, videos, and other materials protected by trade institutions.

8. **Vandalism:** Vandalism will result in cancellation of privileges and/or other disciplinary actions. Vandalism related to technology is defined as any malicious attempt to harm or destroy the equipment or data of another user, LAN, WAN, or other networks that are connected to the TPSS network. This includes, but is not limited to, the uploading or creation of computer viruses. The student and his/her parents are responsible for compensating TPSS for any losses, costs or damages incurred by the School Board for violations of School Board policies/procedures and school rules while the student is using school computers, including the cost of investigating such violations.

   - The use of off campus resources including web pages, social networking sites, or Web tools that subsequently cause “material disruption” at school is prohibited and the responsible student will be disciplined in accordance with the parish assertive discipline plan.
   - Any individual failing to follow the above provisions of this and other pertinent School Board provisions is subject to appropriate disciplinary measures as determined by school administrators and/or the Superintendent. Students may receive consequences according to the Student Code of Conduct.
   - Employees who choose to violate the *Acceptable Use Policy* may be subject to adverse personnel action.

10. **Monitoring** - Teachers shall instruct the students on responsible technology use and monitor all student technology use to ensure student compliance with this policy. Students agree that teachers and administrators have the right to monitor ALL student activity using the network and other technology resources.

**CODE OF CONDUCT:** This code of conduct applies to all users of these technology resources. Honesty, integrity, and respect for the rights of others should be evident at all times. Technology users shall abide by the regulations set forth in the TPSS Acceptable Use Policy. The technology user is held responsible for his/her actions and activities. Unacceptable use of the network and/or technologies will result in disciplinary action including possible revocation of these privileges.

(adopted July 2019)
The Tangipahoa Parish School Board recognizes that schools should play a vital role in promoting student health, preventing childhood obesity, and combating problems associated with poor nutrition and physical inactivity. Thus, a “Wellness Policy” for our school district was created and implemented. This policy is a comprehensive plan to promote physical activity for all grade levels, and encourage consumption of healthier foods throughout the school day.

BREAKFAST: Breakfast is served in all Tangipahoa Parish School System schools. Breakfast service begins with the arrival of buses and continues until the school day officially begins. Each menu consists of nutritionally balanced menu choices that include a variety of fruits, vegetables, low-fat milk, whole grains/breads, and meat or meat alternates.

LUNCH: Lunch service may consist of two to three menu choices daily. Lunch for students in grades levels Pre-K-4 will only consist of the selected main menu for the day. Lunch for students in grade levels 5-12 shall be given a similar option for lunch, with a choice of a sandwich or the hot entrée choice of the day (Mama’s Kitchen). Lunch for high school students shall consist of an option of three menu choices daily: a sandwich, entrée salad, or the hot entrée choice of the day (Mama’s Kitchen). Per USDA, all meal components must be met to constitute as a reimbursable meal. Breakfast and lunch menus are posted on our district website each month.

NOTE: On half days of school, there is a possibility that only one meal will be served.

SPECIAL DIETARY NEEDS: In order for a child to receive a special diet/menu substitution, federal and state regulations require a current “Special Diet Prescription Form” to be completed and signed by your child’s physician or recognized medical authority. The completed form must be submitted to the TPSS Child Nutrition Department before any type of changes and/or substitutions are made to a student’s diet. Menu substitutions will be provided at the discretion of the Child Nutrition Services Office according to the current food availability. If your child has special dietary needs, please go to the TPSS website, select Child Nutrition Program then “Special Dietary Needs”. Print out the current school year’s Special Diet form and submit the completed form to our office. The completed form can then be faxed to the Child Nutrition Department at 985-748-2487 (quickest method) or sent by mail to: Tangipahoa Parish School System, Attn: Child Nutrition Department, 59656 Puleston Road, Amite, LA 70422. Please allow at least 5 business days for processing in Central Office. Confirmation of process completion will be sent to parent/guardian via contact number/email provided. FREE MEAL BENEFITS (COMMUNITY ELIGIBILITY PROVISION): Tangipahoa Parish School System has chosen to participate district-wide in the USDA’s Community Eligibility Provision (CEP). CEP is a program that allows schools to offer one breakfast and one lunch daily at no charge to all students. For the 2019-2020 school year, meal applications will no longer be used to determine meal eligibility within our Child Nutrition Programs. CEP is a key provision of the Healthy, Hunger-Free Kids Act of 2010.

EXTRA SALES ITEMS (Smart Snacks): We encourage students to make healthier snack choices that give them the nutrition they need to grow and learn. Extra sale items are offered to students after the consumption of a reimbursable meal from our cafeterias at the discretion of the school principal. Students who bring their lunch to school may not purchase pizza, a chicken sandwich, or any other entrée without the purchase of a reimbursable meal served in our cafeterias. “Smart Snacks” (required by the Louisiana Department of Education and the United States Department of Agriculture) allows schools to offer foods and beverages to students with higher nutritional values, while limiting junk food. This regulation applies to foods and beverages sold on campus to students during the school day. All extra sales items must meet the nutritional guidelines of “Smart Snacks.” Therefore, soft drinks, candy, etc. are not sold in...
our cafeterias. Schools will accept cash payment for all extra sales items or deduct the cost of extra sales from the student’s meal account if funds are available.

If parents or guardians do not want extra sales deducted from their child/children’s meal account, they should notify the school cafeteria or make sure the child understands that he/she must pay for extra sales purchases each day. Also, to encourage consumption of healthier foods throughout the school day, adults and students are prohibited from taking carbonated beverages into the cafeteria during meal service.

**ONLINE PAYMENTS FOR MISCELLANEOUS FOOD ITEMS:** Online payments are available through our computer programs and MySchoolBucks online payment systems. ---

School transportation is a privilege and should not be taken for granted. Our goal is to transport student bus riders safely to and from school each day. Parents and guardians are responsible for working with the bus driver and other School System personnel to ensure the safety and welfare of their child or children. This can be accomplished by having a cooperative relationship with the school bus driver through courteous communication and by reminding student bus riders to follow the established rules and procedures.

**SPECIAL ACCOMMODATIONS:** Parents or guardians should notify the school principal regarding any special medical conditions or accommodations that will affect a student’s transportation on the school bus. The “Special Needs Bus Application & Confidential Medical Information Bus Form” must be completed for any student who is determined by the IEP Team to require special accommodations to ride the bus.
**SCHOOL BUS DISCIPLINE:** The TPSS directs that the school bus driver, together with the school principal, assume full responsibility for the discipline of student riding the school buses. The bus driver will report any disciplinary problems to the principal of the school involved. It is the duty of the driver, in case of any infraction of rules by any student, to notify (preferably in person) the principal or designee of the school the student attends. At no time shall the bus operator assume authority for suspending bus privileges or taking disciplinary action. The principal has the responsibility to determine the consequence issued to students who violate regulations. If necessary, the principal may suspend bus privileges. Any parent or guardian of a pupil suspended from riding a school bus shall have the right to appeal to the Superintendent or his/her designee, who shall conduct a hearing on the merits of the bus suspension.

A student damaging a school bus shall be subject to suspension from school. Any pupil suspended for damages to any school bus will not be readmitted to school until payment in full has been made for damages or until the Superintendent directs that the student be readmitted. Students who have difficulties with other students while riding the bus should report the problem to the bus driver. If the problem is not resolved by the driver, then it should be reported to the principal of the school the student attends. Principals are responsible for handling school bus disciplinary problems. Students who misbehave or do not follow the bus driver’s instructions and the “Safe Procedures for School Bus Riders” will be subject to disciplinary action. The bus driver’s actions may include counseling, parent referral, permanent seat assignment, and/or referral to the principal. The principal’s action may result in suspension or expulsion from riding the bus or some other action deemed appropriate for the infraction. Once a student has been suspended or expelled from a bus, he or she is suspended or expelled from all School System buses.

The school bus driver is responsible for ensuring all students adhere to the School System’s bus rules. At the beginning of each school year and whenever the driver deems necessary, he or she will read the bus behavior rules to his/her passengers, establish expectations of adherence to these rules, and explain the disciplinary process when students fail to obey. The bus driver will take the following discipline procedures when a student fails to obey bus behavior rules:

1. When a student fails to obey a school bus rule, the driver will give the student a verbal warning. The driver will document the verbal warning. The warning should include the rule(s) broken, an expectation of corrective behavior, and a reminder of the next discipline consequence. At this point, the student may be reassigned by the bus driver to a seat at the front of the bus for closer monitoring.
2. The driver shall attempt to contact the student’s parents or guardians by phone or in writing to inform them of the student’s misbehavior and seek their assistance in correcting the problem. The driver will document that he or she had a conversation with the student’s parents, or their failed attempts to do so.
3. The driver will complete the “Bus Behavior Form” and submit it to the student’s principal. The form should identify the child, the behavior problem, the previous discipline action taken (warning and parent conversation), and any recommended disciplinary action. The student will receive disciplinary action at the discretion of the school administrator and, if deemed necessary, a conference with the parents or guardians, the student, the driver, and the school administrator will be held.
4. The driver will complete the “Bus Behavior Form” as defined in Step III and submit it to the student’s principal. A conference with the driver, student, parents, and administrator is required before the student may ride the bus again. The student may be removed from the bus at the discretion of the administration.
5. Same as #4, with an increase in the number of days to a minimum of 5 days, at the discretion of the principal.
6. The student is removed from the bus until a hearing is held with a representative from the TPSS Student Services Department.

The principal is the only person with the authority to discipline a student. A student’s behavior may warrant a direct jump to any of the discipline procedures listed above. A student’s good behavior may move him or her back to a lower procedure.

The prompt return of the “Verification and Emergency Data Form” to the school bus driver will be appreciated.
GUIDELINES FOR PARENTS/GUARDIANS TO ENSURE THE SAFETY OF THEIR STUDENT BUS RIDERS.

Students who do not ride a bus on a regular basis should return the form to the school principal.

1. Provide the bus driver with the appropriate phone number(s) and emergency number(s) and notify the school and the school bus driver immediately if any telephone numbers change or are disconnected.
2. Provide the bus driver with pertinent written information regarding any special care the student may need while on the bus.
3. Ensure that the student rider meets acceptable hygiene standards before boarding the bus.
4. Have the child at the designated bus stop at least 5 minutes before designated scheduled time and provide the necessary supervision until the bus arrives.
5. Contact the bus driver to obtain their child’s bus stop time and location
6. Contact the TPSS Transportation Department (985-748-2423) to request a review of the bus stop location if your child is walking more than three-tenths of a mile from the end of their driveway to the bus stop location, providing a safe alternative exists. (The School System has established that no student will walk more than three-tenths (1600 feet) of a mile from the end of their driveway to the bus stop location, providing a safe alternative exists.) In the event of inclement weather or other extenuating circumstances, the driver will make the appropriate adjustments to drop the children off at their address, if at all possible.
7. Ensure that any specialized carrying equipment is in safe working order and secure the child into the carrying equipment before he or she boards the bus.
8. Meet the bus upon its return to the designated bus stop at the scheduled time.
9. Make a reasonable and timely effort to notify the bus driver prior to the beginning of the morning run if the child is unable to attend school.
10. Help keep the area to and from the loading area clear of obstacles and unnecessary debris.
11. Help keep bus turnarounds and lanes clear of parked vehicles and garbage cans to provide easy access to bus stops.
12. Call the school in case of an emergency that might prevent the parent from meeting the child at the bus, and give the name of the person who will meet the child in place of the parent so the school may give this information to the bus driver. Make sure that this person’s name is on the child’s emergency information form.
13. Provide transportation to and from school if suspension from the bus is authorized.
14. Cooperate with school and the school bus driver in teaching children safety precautions, good manners and habits for school bus passengers.
15. Assist when there are disciplinary problems.
16. Try not to distract the driver during loading or unloading and keep conversations with the driver to a minimum, since this may cause traffic delays or an accident. Parents may schedule a conference with the bus driver by contacting the child’s school.
17. Refrain from boarding the school bus. It is against the law and School Board policy to verbally abuse the driver or detain the driver from his or her bus route. Individuals who violate this Louisiana Law (statute 14:122) may be prosecuted.
18. Familiarize yourself and follow local School Board and school-level policies regarding school bus transportation.

SAFETY RULES FOR STUDENT SCHOOL BUS RIDERS

A school bus with undisciplined passengers is a hazardous bus! Student misbehavior can lead to accidents. The driver must concentrate on driving and cannot be expected to constantly supervise the students while the bus is in motion. Therefore, for the safe operation of the school bus, student riders should be aware of and obey the following safety rules:

1. Cooperate with the driver. Your safety depends on it!
2. Be on time! The bus cannot wait for you.
3. Follow the bus driver’s instructions when waiting for and leaving the bus. Cross the road cautiously!
4. Have written permission authorized by the principal to get off at a stop other than your own. Parents may request a “Special Transportation Request Form” from the principal of the school the student attends. NOTE: Special transportation requests will be considered on a “space available basis.” Students may only reserve space on one bus each morning and one bus each afternoon.
5. Be courteous, safety conscious, quiet, well-behaved and remain in your seat when the bus is in motion.
6. Do not extend your arms, head, or other objects out of the windows and/or doors and do not throw objects in the bus or out of windows and/or doors.
7. The “EMERGENCY DOOR” is to be used only in the case of an emergency. Do not use it at any other time!
8. Help keep the bus clean by not eating and/or drinking on it.
9. Vandalism (damaging the bus by marking on, cutting, tearing, taking apart, etc. the interior or seats) by student bus riders will not be tolerated. Students who damage the bus in any way will be held accountable for paying for damages and their bus riding privileges will be suspended until all monetary obligations have been made to the school district.
10. Do not use or bring on board the bus alcohol, illegal drugs, tobacco, e-cigarettes, vaping, matches, cigarette lighters, obscene materials, pets, glass objects (except eyeglasses), weapons (including knives), and objects too large to be held in your lap or placed under your seat (including band instruments).
11. Keep the center aisle open! Do not put your feet, books, or any other object(s) that may obstruct the walkway in the aisle.
12. Do not fight on the bus! Fighting on the bus can carry the same consequences for students as fighting on the school campus.

### PROCEDURES FOR WAITING FOR AND BOARDING THE SCHOOL BUS

1. Be at the designated bus stop at least 5 minutes before the normal arrival time of your bus dressed appropriately for the weather (jacket, raincoat, etc.).
2. Wait quietly on the sidewalk. If a sidewalk is not present, wait at least 6 feet (3 giant steps) off the roadway.
3. Avoid pushing, shoving, fighting or rough play.
4. Be careful not to damage private property such as flowerbeds, shrubs, etc.
5. Beware of moving vehicles and pedestrians exhibiting unusual behavior.
6. If you have to cross the roadway to board the bus, be sure to:
   - wait for the driver to give you the universal crossing signal before you begin to cross, then cross at least 10 feet (5 giant steps) in front of the bus.
   - always look in both directions for oncoming vehicles before crossing.
   - never cross the roadway behind the bus.
   - make sure the bus driver can see you at all times.
7. When the bus arrives, wait until the bus stops and the door opens. Then, board the bus in single file when the driver tells you to do so and don’t push or shove others who are boarding.
8. Use the bus handrails at all times when boarding the bus. Be careful when stepping up on slick steps in rainy weather.
9. Once you are on the bus, proceed to the seat that the bus driver has designated for you, sit down, and be quiet. (NOTE: Factors such as safety, physical disabilities, age, and conduct are determining considerations for seat assignments.)

### PROCEDURES FOR EXITING THE SCHOOL BUS

1. Remain in your seat until the bus arrives at your designated bus stop.
2. Once the bus has stopped, proceed promptly and orderly to the front of the bus.
3. Use the bus handrails at all times when exiting the bus. Be careful when stepping down on slick steps in rainy weather!
4. Be careful that clothing with drawstrings and book bags with straps are not caught in the handrails or doors.
5. If you have to cross the roadway, cross in front of the bus. NEVER CROSS THE ROADWAY BEHIND THE BUS!
6. Walk at least 6 feet (3 giant steps) away from the side of the bus and then at least 10 feet (5 giant steps) in front of the bus.
7. Wait for the driver to give you the universal-crossing signal before you begin to cross.
8. Always look in both directions for oncoming vehicles before crossing.
9. Be sure that the bus driver can see you at all times.
10. If you drop something near the bus, tell the bus driver. Never try to pick it up because the driver may not be able to see you.
11. Walk directly home by the safest route. Do not go to your mailbox or to a friend’s house.
12. Avoid trespassing on private property.
14. The bus driver will control traffic with the school bus flashing lights and stop arm signal to insure a safe crossing. Follow your driver’s directions and/or signals while crossing.
1. Report any emergency (fire, smoke, injured or sick student, etc.) to the school bus driver.
2. Remain calm and encourage others to do the same.
3. Do not panic or move without thinking. Do not move injured persons unless absolutely necessary.
4. Stay in your seat until the driver tells you what to do or until you are sure of what is the safest move to make.
5. Do not touch emergency equipment or door control handles unless told to do so by the bus driver, except in the case of an extreme emergency and you are the closest person to the door.

All students who ride the bus on a regular basis should be aware of the procedures to follow for emergency evacuation of the school bus. Students who do not ride a bus to and from school on a regular basis must also be instructed on these procedures for extra-curricular activity trips.

1. Emergency exits of the bus are as follows: rear emergency door, front entry door, windows, windshield, large rear glass, and roof-mounted escape hatches.
2. In an emergency situation, leave everything on the bus. Your life is more important than your coat, purse, book sack, or lunch box.
3. If a young child cannot open the door, an older child or two small children could open it.
4. Kick out windows if doors are blocked or stuck.
5. Passengers closest to the exit should leave first and clear the exit quickly so others can follow.
6. If there is a need to jump from the bus, bend your knees to cushion your landing.
7. Older students should offer to assist younger students when exiting.
8. Move away from the bus to a safe area off the roadway or street.
9. If the driver is injured, seek help from passing automobiles or from the nearest house.

SCHOOL BUS ISSUES, CHANGES, AND DELAYS: In the event of bus changes, late arrivals, late departures, schools will make every effort to inform parents when prior notice is provided by the Transportation Department. In the event of emergencies and prior notice cannot be made by the school, parents should be assured that students will be brought home on a bus even if it is not the regularly assigned bus.

The complete Tangipahoa Parish School Board Policy Manual may be found on our website (www.tangischools.org).

PUBLIC CONCERNS AND COMPLAINTS (MUST BE SUBMITTED IN WRITING):
The Tangipahoa Parish School Board welcomes constructive criticism of the schools whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to do their tasks more effectively. 1. Complaints, allegations, or concerns regarding local school policies or other school matters must be submitted IN WRITING TO THE LOCAL SCHOOL PRINCIPAL.
2. If the matter cannot be settled at the school level, then it should be submitted IN WRITING to the superintendent. Written complaints, allegations, or concerns must be documented and signed.

4. Whenever a complaint is made directly to the Board as a whole or to a Board Member as an individual, it will be referred to the principal or designee of the school for study and possible solution.
5. The Board shall require the superintendent and staff to maintain and disseminate information to parents, legal guardians, and the public on the proper process and contact information to be used when making complaints.
6. The Board will consider hearing citizen complaints when they cannot be resolved by the administration (teacher, principal and superintendent).
7. Matters referred to the Board must be submitted in writing through the superintendent and must be specific in terms of the action desired.
8. The Board shall not consider or act on complaints that have not been explored at the appropriate administrative level.
9. Notification of the conference shall include a copy of the grievance procedures outlined in Policy GAE, Complaints and Grievances, which may be accessed online at www.tangischools.org.
STUDENT GRIEVANCE: Harmonious relations with parents and students can be maintained and improved through effective communication. The interest of all parties can best be served by sincere efforts of all concerned to promote understanding and cooperation. Therefore, the TPSB has adopted a procedure as a means to examine and resolve possible problems that relate to the administration of policies of the school district. The primary purpose of this procedure is to secure at the most immediate level possible, equitable solutions to a claim of the aggrieved person. Both parties agree that these proceedings will be kept confidential at each level of procedure.

Such appeal shall be presented within 5 working days of the receipt of the Step 1 decision. The grievance coordinator shall issue a written decision to the parent within ten working days. The administrative office may schedule a meeting with the parent if deemed necessary. Written notice of the conference shall be given to all parties involved in an alleged grievance. Unless the grievance shall be so appealed, it shall be deemed to have been settled and the parent shall have no further rights with respect to said grievance.

The aggrieved person who chooses to have representation shall provide advance notice of such in writing to the superior at the respective procedural step at least 2 days prior to the hearing on the grievance. Gary Porter, Director of Student Services, is designated to coordinate the district’s efforts to comply with and carry out the responsibilities of the School Board defined in the references of this policy.

Complaints alleging that a student has been denied an opportunity to participate in an extracurricular activity based upon the student’s race should be communicated to Gary Porter via regular mail (59656 Puleston Road, Amite, LA 70422), email (Gary.Porter@tangischools.org), or telephone (985-748-2465).

SEXUAL HARASSMENT: The School Board recognizes that discrimination on the basis of sex is a violation of Title IX of the Education Amendment of 1972, 20 U.S.C. Sec. 1681, and its implementing regulation at 34 C.F.R. Sec. 106.31, which provides that “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

The School Board maintains a firm policy prohibiting all forms of discrimination and all forms of sexual harassment on the part of an employer-employee, employee-to-student, or any other combination of these relationships within the workplace or school setting. The Board does not condone and will do everything within its power to provide all students and employees with an environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical contact or any ongoing communications constituting sexual abuse, as defined and otherwise prohibited by state and federal law and by the policy set forth. Reports of sexual harassment should be submitted to the school principal first. The TPSS contact is Lisa Fussell, Title IX Coordinator, 59656 Puleston Road, Amite, LA 70422.

RACE, COLOR, NATIONAL ORIGIN, HARASSMENT, INTIMIDATION OR DISCRIMINATION: Harassment or intimidation based on race, color, or national origin is oral, written, graphic or physical conduct relating to a student’s race, color, or national origin (including a student’s ancestry, country of origin, or country of origin of the student’s parents, family members, or ancestors) that is sufficiently severe, pervasive, or persistent so as to interfere with or limit the ability of a student to participate in or benefit from the school district’s programs or activities.

Harassment or intimidation of students because they are immigrants, speak another language, or have a foreign accent may constitute discrimination based on national origin or race or both, depending on the circumstances. A race, color, or national origin basis for acts of harassment or intimidation may be evident from the explicit statements of the perpetrator or may be inferred from the surrounding circumstances.

For purposes of this policy, harassment or intimidation of a student based on the student’s race, color, and/or national origin consists of verbal or physical conduct relating to the student’s race, color, and/or national origin when:

- the harassing/intimidating conduct is sufficiently severe, persistent or pervasive that it affects the student’s ability to participate in or benefit from an education program or activity or creates an intimidating or abusive educational environment;
- the harassing/intimidating conduct has the purpose or effect of substantially or unreasonably interfering with a student’s academic performance; or
- the harassing/intimidating conduct otherwise adversely affects a student’s learning opportunities.

Discrimination Based on Race, Color, or National Origin:

Discrimination Based on Race, Color, or National Origin is prohibited. No school employee or third person assisting or otherwise participating in a school-sponsored activity shall discriminate against a student based solely upon the race, color, and/or national origin of the student.

Reporting Incidents of Harassment, Intimidation, or Discrimination Based on Race, Color, and/or National Origin:

It is the responsibility of all school personnel to report incidents of harassment/intimidation or discrimination that may be based on the race, color, and/or the national origin of a student. The report shall initially be made to the school-based coordinator who shall promptly advise the principal of the alleged incident. Failure to do so may result in disciplinary action against the offending school employee.

Whenever an incident of harassment, intimidation, or discrimination based on race, color, and/or national origin is observed by a school employee, a written report shall promptly be prepared by the school-based coordinator listing the persons involved, their race, the nature of the incident and the approximate time and location of the alleged incident. The report shall be promptly delivered to the principal who, in turn, shall promptly submit the report to the district-wide coordinator for review and investigation with such assistance as the district-wide coordinator may request from the school-based coordinator.
Where the report of harassment, intimidation or discrimination is reported by a victim student, the school employee receiving the report shall promptly usher the student to the school-based coordinator where the incident can be related by the student to the school-based coordinator. The school-based coordinator shall prepare a written report based upon the allegations as related by the student which shall contain in addition to the alleged incident, the name and race of the student victim, the name and race of the student or other person named by the student as the perpetrator or a description of such person, and the approximate time and place of the incident. The report shall be promptly delivered to the principal who in turn shall submit the report to the district-wide coordinator for review and investigation.

A copy of a report of an incident of harassment/intimidation based on race, color, and/or national origin of a student shall be provided to the parents/legal guardian of the student victim and the student perpetrator by return receipt mail. The district-wide coordinator shall schedule and conduct a meeting with the student victim and student perpetrator’s parents/legal guardian together or one-on-one at the discretion of the district-wide coordinator.

Where an incident of harassment, intimidation, or discrimination based on race, color, and/or national origin of a student is allegedly perpetrated by a school employee, the alleged incident shall be immediately reported to the school-based coordinator, the principal, the district-wide coordinator, and the superintendent of schools. Failure to immediately report the alleged incident shall subject the omitting party to disciplinary action.

If following an investigation of the alleged incident it is determined that the incident occurred, appropriate disciplinary action shall be taken by the Superintendent and/or the School Board. Where an incident of harassment, intimidation or discrimination based on race, color, and/or national origin of a student is allegedly perpetrated by a non-school employee, the alleged incident shall be immediately reported to the school-based coordinator, the principal, and district-wide coordinator. Failure to immediately report the alleged incident shall subject the omitting party to disciplinary action.

If following an investigation of the alleged incident it is determined that the incident occurred, such non-school employee shall thereafter be barred from attendance and/or participation in any school sponsored activity for a period of six months. Each principal shall designate a faculty member to serve as the school’s school-based coordinator and the name of such person shall be provided to the district-wide coordinator.
