VISITORS: Parents/guardians and other school patrons are encouraged to visit our schools at appropriate times. In fact, special programs and visiting days will be planned throughout each school year to provide opportunities for such visits. Principals are responsible for establishing procedures to ensure the proper protection of instructional time and the welfare of the students and employees. In accordance with state law, no person is allowed on school grounds or in schools buildings or facilities without authorization from the appropriate school official. Therefore, all visitors must report to the principal’s office immediately upon coming onto school grounds for a visit. Office personnel, principal, counselor, etc., will be made aware of the purpose of the visit. Whenever possible, all visits should be pre-arranged. A visitor will be any person except the following: an employee of the school or school system, a member of the school or school system’s governing authority, a student enrolled in the school, and/or a parent, guardian, or other person authorized by a parent, guardian, or other person who is delivering the pupil to school at the beginning of the school day or picking up the pupil at the end of the school day. Principals are authorized to take the necessary steps when dealing with unauthorized visitors. In accordance with state law, the Board authorizes principals, school administrators, and/or school security guards to search the person, and any item in the possession of a person who is not a student enrolled in school or any school employee, while in or on any school property. The search may be conducted at random with a metal detector or physically when there is reasonable suspicion that the person has any weapon, illegal drugs, alcohol, stolen goods, or other materials that violate Board policy.

TPSS APP: The TPSS has a free app that may be downloaded to your mobile device from either the Apple iTunes Store or Google Play to help parents stay in touch with what's going on in our schools.

TEXT MESSAGING: TPSS offers SMS text messaging to provide timely information from your child's school. To participate in this service, first make sure that your child's school has your correct wireless phone number(s). Then, complete the following “opt-in” process: 1) Text any ONE of the following words – “subscribe”, “optin”, or “yes” to 67587; 2) If your text is successful, you will receive the following reply message: “You are registered to receive approximately 3 msgs/mo. Text STOP to quit, HELP for help.”; and 3) Repeat the process for each wireless number that you wish to include. (NOTE: Although TPSS does not charge for this service, you may be charged a fee by your wireless service carrier for sending/receiving text messages, therefore, check with your wireless service carrier for further information regarding possible charges. For further information regarding School Messenger Text Messaging, contact your child’s school.)
REGISTRATION: The Board requires every student seeking initial enrollment in the District to complete online registration and provide proof of residency. All children (including Pre-K & K) enrolling in Tangipahoa Parish public schools are required to meet pertinent eligibility requirements. No student will be excluded from the appropriate school within the school district except by due process or failure to meet specifications of Board policies. The Board recognizes that providing equality of educational opportunities for all children requires objectivity. The Board is equally concerned that all admission policies adhere strictly to applicable legal requirements, e.g. health-related standards. Each student entering the District for the first time or re-entering after interrupted attendance will be required to follow these procedures: Go to www.tangischools.org and click on the “Register” tab to learn more about registration. Parents/guardians will complete the registration process by making an appointment with a registrar by calling (985)474-8690 or (985)474-8691 between the hours of 8:00 a.m. and 4:00 p.m. and bringing the following documents to the appointment: 1) parent/guardian’s photo ID; 2) student’s original birth certificate; 3) student’s immunization record; 4) student’s social security card (if available); 5) two (2) proofs of residency in the name of the parent/guardian with physical 911 address (no post office box). (Proofs of residency may be 2 of the following items: property tax record, mortgage document or property deed, apartment or home lease or notarized statement of the verified property owner identifying himself/herself as the property owner, describing the property, the term of lease, and identifying the leaseholder, current utility bills showing the physical residence address in the name of the parent/guardian, and, in the case of a student living with a legal guardian, the court decree declaring the district resident to be the legal guardian of the student must be presented.); 6) a copy of the IEP or IAP, if applicable; 7) high school transcript; and 8) custody papers if parents are separated or divorced or if the child lives with a legal guardian.

BIRTH CERTIFICATE (required for first time entry into school and for all transfers): All children must present their official birth certificate to the registrar at the time of registration. A copy of the birth certificate will be placed in the student’s permanent school record and remain in the student’s permanent school record throughout the student’s school life in the Tangipahoa Parish School System. If no birth certificate is presented at the time of registration, the parent must submit an online application to the Bureau of Vital Statistics. If no birth certificate is presented or the parent does not complete the online application for the birth certificate, the student will not be registered for school. If the child is not enrolled in school within 3 days, TPSS’s Child Welfare and Attendance Department will be notified.

IMMUNIZATION RECORD (required for first time entry into school and for all transfers): All persons entering school (pre-school, kindergarten, elementary, or secondary) for the first time, at the time of registration or entry, must present satisfactory evidence of immunity to or immunization against vaccine-preventable diseases according to a schedule approved by the Office of Public Health, Department of Health and Hospitals, or must present evidence of an immunization program in progress. An up-to-date immunization record from the provider or the Louisiana Immunization Network for Kids Statewide (LINKS) data base is the required record of documentation for the Tangipahoa Parish School System.

SOCIAL SECURITY CARD: The Board asks all children, including kindergarten, to present an original social security card at the time of registration if it is available. A copy of the social security card (if available) will be placed in the student’s cumulative folder as a permanent record. The social security number will be applied to all documents and permanent records pertaining to each individual student as a method of identification. If no social security card is presented at the time of registration, an application for a social security card will be made available in the school office and a state identification number will be assigned to the student and will be used in lieu of a social security card. No student will be required to obtain a social security card for purposes of admission to Tangipahoa Parish public schools. School principals and all teachers will be responsible for checking students’ records to assure that the provisions of this section are enforced.

ENROLLMENT OF HOMELESS or UNACCOMPANIED YOUTH: Homeless or unaccompanied youth will be enrolled according to McKinney-Vento requirements and will be referred to Robin Davis, TPSS Homeless Liaison, in order to identify services needed. The registrar will provide the required McKinney-Vento forms for parents to complete.

RESIDENCY VERIFICATION: All students seeking to enroll in the district shall be required to register at the school to which they are assigned according to the applicable attendance zone of their residence. School assignment is based only on the physical 911 street address that was entered by the parent/guardian as the student’s residency address during online registration. All residency information will be examined and, if necessary, investigated to verify the actual residence of the students. Parents/guardians will be provided confirmation of the residency verification. If at any time the residency information is determined to be false or cannot be verified, the student will immediately be transferred to the correct school in the District or withdrawn and directed to enroll in the public school district of actual residence.

Any person who presents or is complicit in the presentation and/or processing of any document that is falsified or otherwise constitutes a fraudulent document presented for the purpose of having a student assigned to a district school for which the student is not zoned to attend under the provisions of the order of the Court shall be subject to penalties for perjury or for making a false statement in a federal legal proceeding. Any time there is a change of address, the parent must contact the Registration Center at (985) 474-8690 or visit the Registration Center at 711 W. Coleman Avenue, Hammond, or the Registration Office at 59656 Puleston Road, Amite. The parent will be required to provide 2 proofs of their new physical 911 address.
PRE-SCHOOL ROUND-UP: Pre-school round-up will be held prior to the new school year for children registering for pre-kindergarten or kindergarten. No child shall be registered at pre-school round-up without the following documents: birth certificate, certified copy of immunization record (State of Louisiana Universal Certificate of Immunization preferred), social security card (if available), and verification of residence.

FIRST GRADE: As a prerequisite to enrolling in the first grade, parents/guardians must present to school officials evidence of the child having attended at least a full-day public or private kindergarten for a full school year or evidence of the child satisfactorily passing academic readiness screening administered by the School System prior to the time of enrollment.

STUDENT TRANSFERS: Students who do not reside in Tangipahoa Parish will not be allowed to attend TPSS public schools. The deadline to apply for transfers is June 1 of each year. The only student transfers that will be permitted are as follows:

MAJORITY-TO-MINORITY (M-to-M): A student’s whose race is in the majority at his/her home zoned school is eligible to obtain a Majority-to-Minority Transfer to any grade-appropriate, non-magnet receiving school where his/her race is in the minority. "M-to-M" transfers continue throughout elementary school or the elementary school’s feeder pattern until the 8th grade, at which time the parents must re-apply. Transportation is provided within the transportation zone. Parents must provide transportation to schools outside of the transportation zone.

ACADEMIC: Any high school student may seek a transfer for the purpose of enrolling in a JROTC program and/or an Advanced Placement or other advanced course, but only if such course is not offered at his/her home zoned school. The parent will be responsible for transportation.

MAGNET: Students may apply for a transfer from their home school to another school for the purpose of participating in a magnet program. All such applications shall be considered in accordance with the enrollment priorities and enrollment. The District will provide transportation or compensation (if bus transportation is not available) to all students who are granted magnet transfers.

RESIDENT’S CHOICE NOT TO PARTICIPATE IN MAGNET PROGRAM: If the parent of an elementary student who is zoned to a magnet school does not wish the student to attend the magnet school, the parent may request a Magnet Opt-out Transfer for the student to attend a non-magnet school that serves the same grade located in the same transportation zone. However, the transfer must either be M-to-M or must not result in a school becoming racially identifiable. Transportation will be provided within transportation zones. Parents must provide transportation to schools outside the transportation zone.

JOINT CUSTODY: Where a court order grants joint custody and does not designate a domiciliary parent, the parents may elect to have the student attend school in the zone in which either parent resides, provided that, if a transfer is necessary, a timely application is made and a certified copy of the court order of joint custody is presented. Such a transfer will be for an entire school year; no withdrawal and return to the other parent’s zoned school will be permitted.

CHILD OF TPSS EMPLOYEE: Regardless of residence within or outside the District, children of school administrators, teachers, other faculty members, non-instructional support personnel, and other personnel assigned to a particular school shall be permitted to attend the school to which the parent is assigned and schools within the parent’s school feeder pattern. Transportation will be provided by the parent at no cost to the District.

EXTRAORDINARY CIRCUMSTANCES/HARDSHIP: Some situations do not fall within any of the student transfer provisions listed above but where the parent of a student feels that there are extenuating circumstances warranting the transfer of that student. In these cases, the parent may request a Hardship Transfer. The Chief Desegregation Implementation Officer will review the request and any supporting documentation and has the right to request additional documentation relative to the need for the transfer. A hardship must relate to the health and safety of the student, but does not include after school care.

TRANSFER OF EXCEPTIONAL STUDENTS: See page 19 under “Special Education.”

STUDENTS WHO WITHDRAW FROM THEIR CURRENT SCHOOLS DURING THE SCHOOL YEAR: The parent/guardian will notify the current school that the student is withdrawing and must return any textbooks and pay any outstanding fees. After withdrawing from the current school (if the student will attend another TPSS school, the parent/guardian will report to the TPSS Registration Center (711 West Coleman, Hammond) or the TPSS Registration Office (59656 Puleston Road, Amite) to complete registration. Parents/guardians may not register at the school. Parents/guardians must bring the 2 required proofs of residency, their photo ID, and any custody documents if a legal guardian is registering the student.
In accordance with state law, it is the responsibility of every parent, tutor, or legal guardian of a child between the ages of 7 and 18 to enforce the attendance of his/her child at the school to which the student is assigned. Once a pupil arrives at school, he/she is expected to remain and attend each class throughout the day. Compulsory attendance laws and Louisiana Board of Elementary and Secondary Education (BESE) regulations require high school students to be in attendance a minimum of 30,060 minutes (equivalent to 83.5 six-hour school days) per semester or 60,120 minutes (equivalent to 167 six-hour school days) a school year for schools not operating on a semester basis in order to be eligible to receive credit for courses taken. Elementary students shall be in attendance a minimum of 60,120 minutes (equivalent to 167 six-hour days) a school year in order to be eligible to receive credit for courses taken. Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The makeup sessions must be completed before the end of the current semester and all other applicable policies must be met.

**STUDENT ABSENCES AND EXCUSES:** The Tangipahoa Parish School Board recognizes that the fundamental right to attend the public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance can be assumed to be essential for a student’s successful progress in the instructional program. The principal of a school or his/her designee, shall notify the parent or legal guardian in writing on or before a student’s third unexcused absence or unexcused occurrence of being tardy and shall hold a conference with such student’s parent or legal guardian. This notification shall include information relative to the parent or legal guardian’s legal responsibility to enforce the student’s attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student’s parent or legal guardian shall sign a receipt for such notification. Each school shall attempt to provide verbal notification to a child’s parent, tutor, or legal guardian, and, if such verbal notification cannot be provided, then the school shall provide written notification to a child’s parent, tutor or legal guardian when that child has been absent from school for 5 school days in schools operating on a semester basis and for 10 days in schools not operating on a semester basis. The accumulation of days absent need not be consecutive. No public elementary or secondary school pupil shall be permitted for any reason to absences which are not considered for purposes of truancy and which are not considered when determining whether a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

**NON-EXEMPTED EXCUSED ABSENCES:** absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including parent notes) which are not considered for purposes of truancy, but are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

**EXEMPTED EXCUSED ABSENCES:** absences which are not considered for purposes of truancy and which are not considered when determining whether a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

**UNEXCUSED ABSENCES:** any absence not meeting the requirements set forth in the excused absence and extenuating circumstances, including but not limited to absences due to any job unless it is part of an approved instructional program. Students will be given failing grades for those days missed and will not be given an opportunity to make up work.

**SUSPENSION:** a non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension will be counted absent.
ABSENCE DUE TO SCHOOL-APPROVED ACTIVITIES: Students participating in school-approved field trips or other instructional activities that necessitate their being away from school shall be considered to be present and shall be given the opportunity to make up work.

ABSENCE OF STUDENTS WHO ARE EMPLOYED AS CHILD PERFORMERS: Minors employed to perform or render artistic or creative services under a contract or employment arrangement for two (2) or more days within a 30-day period must receive instruction pursuant to statutory provisions.

TARDINESS: A student shall be considered tardy to class if he or she is not in the classroom when the bell to begin class ceases. A student shall be considered tardy to school if he or she is not in his or her homeroom/first period class when the bell to begin homeroom/first period class ceases. “Tardy” shall also mean leaving or checking out of school unexcused prior to the regularly scheduled dismissal. There should be an emergency or doctor’s appointment in order to check a student out early. Early dismissal shall be treated the same as tardiness on a per semester basis. Perfect attendance should not be granted to persons who leave early except in extenuating circumstances as determined by the principal. Teachers should be sure to document the roll book for students leaving early. Habitual tardiness on the part of students will not be tolerated. Students who exhibit habitual tardiness will be subject to disciplinary action that is appropriate under the circumstances. Parents of students who continue to be tardy shall be notified for a conference with the principal, and the student may be subject to suspension from school and the parent/legal guardian subject to court fines or community service.

WRITTEN EXCUSES: For a student to be eligible to receive credit and make up work following an absence, the student shall be required in each instance to submit parental confirmation of the reasons for the absence. If a student is tardy or absent, the parent or guardian must submit a written excuse, signed and dated, to school authorities upon the student’s return to classes, stating the reason for the student's absence from school. A doctor, dentist, or nurse practitioner’s written statement of student’s incapacity to attend school shall be required for those absences for 3 or more consecutive days due to illness, contagious illness in a family, hospitalization, or accidents. All excuses for a student’s absence, including medical verification of extended personal illness, must be presented within 7 school days of the student’s return to school or the student's absence shall be considered unexcused and the student will not be allowed to make up work missed.

APPEAL OF ABSENCES: When a student exceeds the maximum number of absences allowed, the parents or student may make a formal appeal to the principal if they feel any of the absences are because of extenuating circumstances. If they feel that the decision is unfavorable, they shall appeal to the Superintendent or his/her designee. After a review by the Superintendent or his/her designee, a decision shall be made and communicated to the parents/legal guardians by letter. High school students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other applicable policies must also be met.

EXCEPTIONS TO ATTENDANCE REGULATION: Exceptions shall be the extenuating circumstances listed below that are verified by the Director of Supervisor of Child Welfare and Attendance or school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

1. Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.
2. Extended hospital stay in which a student is absent as verified by a physician or dentist.
3. Extended recuperation from an accident in which a student is absent as verified by a physician, dentist or nurse practitioner licensed in the state;
4. Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state.
5. Observance of special and recognized holidays of the student’s own faith.
6. Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed 5 school days per school year.
7. Absences as verified by the principal or his/her designee as follows: prior school system-approved travel for education; death in the immediate family (not to exceed 1 week); or natural catastrophe and/or disaster.

For any other extenuating circumstances, the student’s parents or legal guardian must make a formal appeal in accordance with the due process procedures established by the TPSS. Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades, shall not receive those grades if they are unable to complete makeup work or pass the course.

Every minute counts!
The dress and grooming of students shall be that which, in the opinion of the ordinary reasonable person, contributes to the health and safety of the individual, and which is non-disruptive to the educational activities and processes of a school. No mode of attire that disrupts the classroom and/or the school's positive learning environment will be considered proper for school wear. All articles of clothing must be worn as intended by design. If there are questions regarding student dress and grooming, the school principal or his/her designee will make the final decision as to what is considered proper or improper dress according to the guidelines provided. Dress code guidelines are as follows:
1. No student shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, blade, symbol, sign, or other things which are evidence of affiliation with drugs, alcohol, violence or gang-related activities or which exhibit profane or obscene language and/or gestures.
2. No hats, caps, or other headwear shall be worn on school campuses on regular school days, except when a medical condition or religious belief so warrants.
3. Hairstyles shall be clean, neatly groomed and shall not distract from the learning environment nor be a safety factor for any of the school’s curricular offerings. Any hairstyle (including any hair color other than a naturally occurring color) that distracts from the unique environment of the school will be dealt with by the principal (or designee) of that school.
4. Beards will not be allowed. Mustaches must be clean, neatly groomed and must not distract from the learning environment nor be a safety factor for any of the school's curricular offerings.
5. Earrings may be worn in ears by females only. Females in grades Pre-K-6 may wear stud earrings only. Male students will not be allowed to wear earrings at school or at any school-related activity.
6. Students who participate in extracurricular activities (cheerleaders, spirit group dancers, band members, and/or other drill teams) may not wear the group’s uniform to class.

SCHOOL UNIFORMS: The Superintendent or his/her designee will consider for approval all deviations to the uniform policy for special occasions or events upon written request from the school principal for the following reasons: 1) Positive Behavior Support: Once per six weeks, to reward students for good behavior, students may wear their school uniform pants and a school “spirit” shirt; and 2) Charity Events: Twice per year, for a consistent fee established by the Superintendent and used throughout the School System, students may wear jeans with a school uniform shirt. Staff members may also wear jeans for these special events.

PANTS: All students’ pants must be khaki or navy color twill “slacks” with or without pleats, with or without belt loops, with or without pockets. Pants must be bought in the child’s appropriate size and must be worn at the waistline. No sagging, over-sized, wide-legged, bell bottom, cargo, safari, joggers, or carpenter pants will be allowed. If pants have belt loops, students must wear a belt. No jeans of any color will be allowed.

SHORTS: All students (pre-k through twelfth grade) may wear khaki or navy color twill, loose-fitting, knee-length walking shorts.

SKIRTS, SKORTS & JUMPERS: Students may wear basic khaki or navy twill skirts or skorts and A-line or bib jumpers.

SHIRTS & BLOUSES: Shirts may be long or short sleeved (no sleeveless garments) polo (pull over) style or oxford (button up) style, white or navy color shirts. Turtleneck shirts, sleeveless shirts, or shirts with a zipper are not acceptable. Elementary girls have the option of wearing a white, button up blouse with a “Peter Pan” collar. Solid white, long or short-sleeved T-shirts may be worn under regular uniform shirts and the sleeves of the “undershirt” may extend past the sleeve of the top uniform shirt. (Thermal underwear and turtleneck shirts are not allowed.) All shirt tails must be tucked inside garments. No midriff shirts or blouses shall be worn. Each school shall have the option of a school color shirt to wear at the discretion and approval of the school principal in lieu of a regular school uniform shirt.

BELTS: Elementary students are encouraged to wear belts. Belts are mandatory for middle school, junior high school and high school students when wearing pants or shorts with belt loops. Belts with designs, emblems, insignias, monograms, logos, holes, studs, etc. that are offensive (at the discretion of the school principal) will not be allowed. Metal spikes or studs are not allowed. Belts must be the appropriate length for the student’s waist size. Belt buckles must be plain, standard style.

SHOES: All shoes must have a closed back and front. No sandals, wedged soles, platforms, high heels, crocs, slippers, shower shoes, flip flops, or knee-high shoes will be allowed. Shoes must be worn appropriately and those that require laces or those with Velcro closures must be securely fastened. It is HIGHLY RECOMMENDED that pre-k and kindergarten students wear shoes that slip on or those with Velcro closures.
OUTER GARMENTS: Students may wear heavy coats or jackets of any color or style inside and outside of school classrooms/buildings. If the outer garment is a pullover (including sweaters, jackets, vests or windbreakers that do not zip or button from the bottom up) it must be navy, white, or the school-chosen color. Coats, jackets, and/or pullover garments may not have inappropriate insignia, logos, or language. Dusters and trench coats will not be allowed. Jackets or sweatshirts with a hood may be allowed for indoor wear with the stipulation that hoods will be removed upon entering a building. A regulation uniform shirt must be worn under all outerwear. Students will be allowed to wear school-sponsored organization (FFA, BETA, athletic, etc.) jackets, sweatshirts and sweaters inside buildings and classrooms with the stipulation that the garments should be blue, white, or the school chosen color.

DRESS CODE VIOLATIONS:
1st Violation: The student will be sent to the office. If the determination is made that the student is in violation of the TPSS Dress Code, the student’s parents/guardians will be notified of the violation and will be asked to bring the proper clothing to the school. If the parents/guardians cannot be contacted by phone or if proper clothing is not brought to the school, the student will be sent to a designated area determined by the principal/designee. A letter will be sent to the parents/guardians notifying them of the violation and reminding them that future dress code violations will result in suspension of the student.

2nd Violation: The student may be suspended for 1 day due to disrespect for authority.

The Superintendent or his/her designee must approve any modifications to the Student Dress Code. The Student Dress Code Policy will be revisited by the Committee every 3 years beginning with the 2019-20 school year. However, the Superintendent may ask the School Board to approve an emergency revision at any time.

Discipline may be defined as those actions that teachers, administrators, support staff, and parents employ to teach students the essential skills necessary for academic and social success. Every student is entitled to an education which shall be offered in an orderly, healthy atmosphere, both physical and emotional, and to firm, fair treatment in all matters pertaining to school life. Education is too important to be the sole responsibility of the schools.

CODE OF CONDUCT: The success of school discipline depends upon a collaborative effort among home, school and community. By working together, the school system can achieve the goals it desires - safe, yet orderly schools and a quality education for all children. The Tangipahoa Parish School System “Code of Conduct” outlines specific expectations of administrators, teachers, students, and parents. The School Board is dedicated to making sure that all students are in school and engaged in learning. The Assertive Discipline Plan partners with district-wide implementation of Positive Behavior Intervention Support (PBIS) to foster student achievement and behavioral support.

PURPOSE OF THE CODE OF CONDUCT:
• Create a consistent set of expectations for student behavior.
• Reinforce positive behavior and provide students with opportunities to develop appropriate social skills.
• Outline the interventions and consequences for students who engage in inappropriate behavior.
• Explain the rights of students with disabilities including procedural protections when disciplinary action is taken.
• Engage students in a safe, positive, and supportive learning environment.
• Describe the rights and responsibilities of all members of the school community.

RESPONSIBILITIES OF SCHOOL ADMINISTRATORS:
• Distribute the Code of Conduct to students, parents and all school personnel.
• Implement the Code of Conduct in a fair and consistent manner.
• Review discipline referrals and determine appropriate intervention and/or corrective strategy/consequence.
• Use professional judgment to prevent minor incidents from becoming major challenges.
• Identify appropriate training and resources as needed to implement positive behavior interventions and supports.
• Implement Board policy in a fair and consistent manner.
• Maintain accurate personal discipline data of students.
• Ensure that behavior support plans for at-risk youths are implemented with high levels of integrity and compliance.
• Monitor, support and sustain the effective implementation and maintenance of PBIS.
**RESPONSIBILITIES OF THE TEACHER:**
- Define, teach, model and support appropriate student behaviors to create positive school environments.
- Use appropriate classroom management strategies to maintain a learning environment that supports academic success.
- Teach and positively reinforce the Code of Conduct.
- Provide corrective instruction to students who demonstrate challenging behavior.
- Use a variety of activities in the classroom that increase student engagement.
- Address infractions through a variety of interventions including positive behavior interventions and supports as well as the use of alternatives to suspension and expulsion.
- Use professional judgment to prevent minor incidents from becoming major challenges.
- Request additional training or staff development as needed.

**RESPONSIBILITIES OF THE STUDENT:**
- Attend school and all classes daily. Work hard and do your best.
- Follow the Code of Conduct, the TPSS Dress Code/Uniform policy.
- Respect the rights of other parents, students, faculty, staff, school visitors, school property and the property of others.
- Ask teachers, counselors, support staff, parents, school administrators, and other adults for help in solving problems.

**RESPONSIBILITIES OF THE PARENT/GUARDIAN IN THE SCHOOL COMMUNITY:**
- Read the Code of Conduct, recognize that school personnel must enforce the Code, and support your child in following the Code of Conduct.
- Make sure your child comes to school every day on time and ready to learn. Understand your child’s rights and responsibilities.
- Teach your child to respect the rights and property of others and to respect school property.
- Seek available resources to support your child within the school and the community.
- Be committed and available to visit your child’s school, as necessary, to evaluate his/her academic and/or behavioral progress.

**POSITIVE BEHAVIOR INTERVENTION SUPPORT (PBIS):** Positive Behavior Intervention Support (PBIS) gives people a new way to think about behavior. PBIS is based on understanding why problem behaviors occur - the behavior's function. This approach to behavior can occur on a school-wide, in a specific setting, classroom, or with an individual student. PBIS is the application of evidence-based strategies and systems to assist schools to increase academic performance, increase safety, decrease problem behavior, and establish positive school cultures. The PBIS process results in the creation of effective intervention plans that will impede problem behaviors, teach new skills, and create support systems for the student. On a school-wide level, PBIS relies on accurate and reliable discipline referral data to understand the behaviors occurring across campus. An analysis of the data allows a school team to identify the problem areas, brainstorm interventions such as where and what to teach, reward the students exhibiting the expected behavior, and communicate findings to the staff, students, and families. PBIS provides a positive and effective alternative to the traditional methods of discipline. PBIS methods are research-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate and increased academic performance. PBIS is consistent with the Individuals with Disabilities Education Act, which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options.

**CORRECTIVE STRATEGIES:** Academic success is directly correlated with instructional time received by the student. In the effort to fully implement Positive Behavior Intervention Support and reduce the loss of instructional time due to out-of-school suspensions and expulsions, the Tangipahoa Parish Public School System expects that each school will utilize a wide variety of corrective strategies that do not remove children from valuable instructional time. Corrective Strategies, also known as alternatives to suspension and expulsion, may include but are not limited to the following: 1) Contact and/or conference with parent/guardian; 2) Referral to the school counselor; 3) Schedule adjustment; 4) Saturday school; 5) Behavioral Contracts and/or Behavior Support Plans; 6) Check-in/Check-out (CICO); 7) After School Detention; 8) Loss of Privilege; 9) Home/school Communication System; 10) Reflective Activity; 11) Referral to the Response to Intervention Team; 12) In School Isolation (ISI); 13) In School Detention (lunch detention, recess detention); or 14) Supervised Work Assignment; or 15) Transition Classrooms.

**IMPORTANT INFORMATION:** Any student who has been recommended for expulsion but who withdraws from the School System prior to the expulsion hearing shall be considered expelled. The discipline record (including suspensions) of students entering the TPSS from another school system during the school year shall be transferred from the other school system to the TPSS. Any student who transfers to the TPSS during the school year and who, at the time of transfer has 4 or more suspensions, shall start school at the TPSS Alternative Solutions Program (TASP). A student shall be subject to disciplinary action for conduct or offenses that occur at extracurricular activities, sporting events (even where said student is merely a spectator), conventions, in the parking lot or other areas of school property, and at any other school’s activities. This includes school campuses other than where the student attends school. Any graduating senior student who commits a serious offense warranting suspension may be prohibited from participation in graduation exercises upon the recommendation of the principal after a hearing by the Superintendent or his designee/hearing officer, upon which the senior shall receive his diploma by mail. A senior who commits an expellable offense may be denied graduation and participation at graduation.

ASSERTIVE DISCIPLINE PLAN: The Tangipahoa Parish School Board mandates that each school establish a school-wide Assertive Discipline Plan with specific stated expectations, with the goal of developing a systematic, consistent way to deal with discipline problems throughout the school. To accomplish this goal, there must be a two-sided effort from the staff:

1. Every teacher will develop and post (with prior approval from the principal) a classroom Assertive Discipline Plan, i.e. a set of rules, consequences and rewards that are in effect at all times in his/her classroom. Teachers are encouraged to write rules in a positive manner that will instill appropriate behavior patterns in students.
2. There must also be a school-wide Assertive Discipline Plan that governs student behavior in all of the common areas of the school.
3. School rules must be posted in all common areas.
4. All parents will be contacted by homeroom teachers via phone within the first six (6) weeks of school and by all teachers as the need arises as evidenced by a Parent Log-in Sheet.

ADMINISTRATOR’S ASSERTIVE DISCIPLINE LADDER: (Does not include dress code, minor bus infractions and/or tardiness for kindergarten through grade 5.): The School Board has implemented the Assertive Discipline Plan for the treatment of students who violate school rules. Before a student is referred to the administrator for a violation of classroom rules, 5 steps designated by the classroom teacher will be followed in order to correct the student’s discipline problem. Severe clause referrals will automatically be sent to the principal’s office. The 5 steps are as follows:

STEP I: The Student Handbook will be reviewed with each student; both school and class rules will be reviewed. The student will be directed to inform his or her parents. The school will send a copy of the Assertive Discipline Policy to each parent. The school will contact parents and provide documentation of this contact and the student may receive 1 day of Positive Action Class (PAC).

STEP II: Teachers will contact parents by telephone, mail, or email and arrange a parent conference; parent conference with administrator/teacher; up to 2 days PAC and loss of privileges, or student may receive 1 day of Out of School Suspension (OSS).

**STEP III:** Administrator will contact parent by telephone or mail. Alternative disciplinary measures or PAC for up to 3 days or OSS for 1 day or any combination of PAC and OSS. The principal shall require a parent conference before the student can return to school. A student will be allowed to make up any work missed as a result of the parents' failure to attend the conference.

**STEP IV:** Contact parent by telephone or mail. Up to 4 days of OSS or 5 days of PAC or any combination of the two based on the administrator's discretion. Parents to accompany student back to school for conference with principal.

**STEP V:** Contact parent by telephone or mail. OSS for up to 5 days or 5 days Conflict Resolution for designated offenses. Principal/designee must schedule a Step V conference with the student and parent prior to the student's return to school.

**STEP VI:** Contact parent by telephone or mail. OSS up to 9 days until a Due Process Hearing for Expulsion is held with the Supervisor of Child Welfare and Attendance. Fax Request Form to Supervisor of Child Welfare and Attendance requesting expulsion. A student may be recommended for expulsion at any time if the administrator feels the student's actions warrant such recommendation.
FIGHTING: Provokers or instigators of fights will be handled according to the discretion of the principal or his/her designee. Students reasonably concluded to be acting in self-defense may not be disciplined. Students who fight for the second time during a school year will automatically be placed on Step VI. These are suggested starting points. Chronic offenders can be moved to Steps V and/or VI in all categories, and administrators reserve the right to request a Step VI hearing on the first fight if they believe that the incident and/or the instigators pose a security risk to the campus, thus endangering the welfare of other students. This includes gang fights resulting in severe bodily harm.

DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES: See page 19 under the “Special Education” section.

SECLUSION AND RESTRAINT: See page 21 under the “Special Education” section.

STUDENT USE OF ELECTRONIC DEVICES: No student, unless authorized by the school principal or his/her designee, shall use or operate any personal electronic device, including any facsimile system, radio paging service, mobile telephone service device (cell phones, Blackberries, camera phones), intercom, electro-mechanical paging system, or other electronic devices, including but not limited to cameras, video tape recorder, audio recorder, digital recorder of any kind, iPod, tape players, CD players, video games, MP3 players, Palm Pilots, and their contents in any elementary or secondary school building, or on the grounds thereof or in any school bus used to transport public school students. A violation of these provisions may be grounds for disciplinary action, including but not limited to, suspension from school. Nothing shall prohibit the use and operation by any person, including students, of any electronic telecommunication device in the event of an emergency. Emergency shall mean an actual or imminent threat to public health or safety which may result in loss of life, injury, or property damage. For purposes of this policy, the terms use and operation shall mean whenever the electronic device is turned on.

The protection of instructional time and campus safety are priorities in establishing guidelines for acceptable use of electronic devices. Every school may develop and submit to the Superintendent's Office an Acceptable Use Plan outlining when and how students may be allowed to possess, access and use their electronic communication devices on campus or on a school bus. All plans may allow teachers to appropriately integrate and include technology in the classroom under their guidance and instruction. Each plan must be communicated in writing and verbally to all students and parents at the beginning of the school year and throughout the year as new students enroll. The Tangipahoa Parish School Board shall not be responsible for lost or stolen personal electronic devices.

STUDENT USE OF ELECTRONIC DEVICES:

- Personal electronic devices shall be placed on Step IV of the Assertive Discipline Ladder which requires up to five (5) days of PAC or four (4) days of OSS or in combination of the two based on the administrator's discretion. Additional parties to step include: first offense, the phone shall be taken from the student and kept in a locked place at the school for up to three (3) school days. After the third day, a parent will be allowed to pick up the phone, but must sign a contract stating the student has violated this policy and shall be subject to more severe consequences if there is a second offense.

- Second Offense: The phone shall be taken from the student then labeled with the student's name and kept in a locked place at the school for up to five (5) school days and parent called to come pick up the phone after the five (5) days. Parent must also pay up to a $15.00 fine to the school before the phone is returned.

- Third and Subsequent Offenses: The phone shall be taken from the student then labeled with the student's name and kept in a locked place at the school for ten (10) days and the parent called to come pick up the phone after the ten (10) days. Parent and student will be informed that the child shall be placed on Step IV of the Assertive Discipline Ladder. Additionally, parent shall pay a $25.00 dollar fine before the phone is returned. Any additional offenses shall require the student move to the next level of the Assertive Discipline Ladder and pay an additional $25.00 fine. Should a student refuse to give up an electronic device when requested to do so by school personnel, he/she shall be suspended for up to five (5) days and/or placed on Step V of the Assertive Discipline Ladder.

- Should students choose to use an electronic device to video fights, text message test items, text message for unauthorized persons to check them out, post incidents that happened on school campus on the internet or similar practices that create a “substantial disruption” to the learning environment on a campus, they shall be suspended out of school for a minimum of three (3) days and possibly recommended for expulsion depending on the circumstances. Law enforcement shall be asked to assist with any investigation involving a cell phone or other electronic device that “substantially disrupts” the learning environment on a campus.

VIOLATIONS:

- First Offense: The phone shall be taken from the student then labeled with student's name and kept in a locked place at the school for up to three (3) school days. After the third day, a parent will be allowed to pick up the phone, but must sign a contract stating the student has violated this policy and shall be subject to more severe consequences if there is a second offense.

- Second Offense: The phone shall be taken from the student then labeled with the student’s name and kept in a locked place at the school for up to five (5) school days and parent called to come pick up the phone after the five (5) days. Parent must also pay up to a $15.00 fine to the school before the phone is returned.

- Third and Subsequent Offenses: The phone shall be taken from the student then labeled with the student’s name and kept in a locked place at the school for ten (10) days and the parent called to come pick up the phone after the ten (10) days. Parent and student will be informed that the child shall be placed on Step IV of the Assertive Discipline Ladder which requires up to five (5) days of PAC or four (4) days of OSS or in combination of the two based on the administrator's discretion. Additionally, parent shall pay a $25.00 dollar fine before the phone is returned. Any additional offenses shall require the student move to the next level of the Assertive Discipline Ladder and pay an additional $25.00 fine. Should a student refuse to give up an electronic device when requested to do so by school personnel, he/she shall be suspended for up to five (5) days and/or placed on Step V of the Assertive Discipline Ladder.
**MEDICAL CONDITIONS:** In order for proper care to be provided at school, it is the responsibility of the parent/guardian to notify the school nurse when a student has a chronic medical condition or health problem. This must be done at the beginning of every school year, or as soon as the parent/guardian becomes aware of the student’s condition and throughout the school year, if the child’s medical condition changes. This will enable the parent/guardian to discuss with the school nurse the care the child may need at school. Some examples of chronic medical conditions are seizures/epilepsy, diabetes, asthma, celiac disease, severe allergic reactions to insects or food that require the use of an Epi-pen or Benadryl during the school day. If your child is hospitalized, has surgery, or has a dental procedure requiring sedation, he/she must bring a note from the physician or dentist allowing the student to return to school. The note must include any restrictions, etc.

**ILLNESSES:** Parents/guardians should carefully consider a child’s statement of feeling ill. If you are notified by the school that your child is ill and needs to be picked up, you must make arrangements to have your child picked up from school within one (1) hour. The following guidelines will help you determine when a child should not attend school:

- **Diarrhea/vomiting:** Students who are vomiting or having diarrhea (2 or more watery stools) will be sent home from school. They will not be allowed to return until they are symptom free for 24 hours. Children should be kept home if they were vomiting or experience diarrhea during the night.

- **Fever:** Students who have a fever of 100.4 °F or higher will be sent home. Students will be readmitted after they have been fever free for 24 hours without the use of fever reducing medications, i.e., Tylenol, Motrin, and Advil. (Please refer to the protocol concerning absences.)

- **Pink Eye:** Symptoms of pink eye such as eye drainage, crusty eyelids, redness on the white part of the eyes, swelling, and itching may indicate pink eye, which is a contagious disease. Children with these symptoms will be sent home and should be seen by a doctor for a diagnosis. A doctor’s excuse that states WHEN the student will be allowed to return to school will be required. No eye drop medication is allowed at school.

- **Rash/Lesions:** A student with an undiagnosed rash or lesions will not be allowed to stay at school. Skin rashes or lesions will be considered possibly contagious. A doctor’s excuse is required in order for the student to return to school.

- **Boils:** Students with boils must be seen by a doctor and must remain home for 24 hours after starting antibiotics. A doctor’s note will be required in order for the student to return to school, and when he or she returns to school, the boil must be covered.

- **Head Lice:** To help prevent the spread of head lice infestations, school employees shall report all suspected cases of head lice to the school nurse or trained school personnel. The student shall be examined to determine an infestation by looking closely through the hair and scalp for nits or live lice. If an active infestation is present, based on the presence of live lice or many nits less than ¼ inch from the scalp as per the American Academy of Pediatrics (AAP), the parent/guardian shall be notified to arrange pickup of their child from school. The parent/guardian shall be provided information on the biology of head lice, methods to eliminate infestation, and directions to examine household contacts for infestation. (See back of exclusion form.) According to the AAP, nits more than ¼ inch from the scalp indicate the infestation is probably old and no longer active and does not need to be treated. The parent/guardian must bring the student to school and remain until the school nurse or trained personnel determines if the student may return to class. If live lice are found, one additional excused day may be given. Before re-admittance to the classroom, the school nurse or trained school personnel shall re-examine the student’s head for an active infestation. Students should not miss more than two (2) days of school for the treatment of head lice. Additional days will be considered unexcused.

**SCREENINGS FOR VISION AND HEARING:** Students’ vision and hearing are screened by the school in pre-k, kindergarten, 1st, 3rd, 5th, 7th, 9th and 11th grades and also from parent or teacher referrals. If a problem is detected, a note will be sent home to the parent referring them to their physician for a more complete evaluation.

**IMMUNIZATIONS:** Students entering school for the first time shall present a completed or up to date immunization record. (Louisiana State Law Statute LA R.S. 17; 170) An up-to-date immunization record from the provider or the Louisiana Immunization Network for Kids Statewide (LINKS) data base is the required record of documentation for the Tangipahoa Parish School System. All students entering 6th grade AND 11 years old or any student that is 11 years old (regardless of grade) shall present evidence of age appropriate vaccinations including a Tdap Booster, Meningitis vaccine and a second varicella (chickenpox). Students that have not received proper immunizations may not be allowed to come to school if there is an outbreak of communicable disease at school (chickenpox, measles, pertussis, etc.). If an outbreak of a vaccine-preventable disease occurs, upon the recommendation of the state office of public health, school administrators may exclude from attendance immunized students until the appropriate disease incubation period has expired, or the unimmunized person presents evidence of immunization. Parents of students who are unable to receive their immunizations due to medical, religious, or personal reasons must complete a letter of dissent. Letters of dissent must be completed in the registrar’s office and signed and witnessed in front of the registrar. If this dissent is due to a medical reason, a written statement from the doctor must be received.
MEDICATIONS: Parents/guardians should contact the school nurse if his or her child needs to take medications (prescription and/or over-the-counter) for chronic conditions at school. State law requires a Medication Administration Form to be completed by the physician and parent/guardian. If a student is prescribed a new medication, he or she must remain at home for one (1) day after the first dose of the new medication in order to be observed for adverse reactions.

MEDICATION ADMINISTRATION GUIDELINES
1. Medications given at school should be limited to those which cannot be administered before or after school. Emergency medications may be administered at school.
2. A written Medication Order from a physician or dentist licensed to practice medicine in Louisiana or an adjacent state (TX, AR, or MS), or any other prescriber authorized in the state of Louisiana to prescribe medication or devices is required.
3. A Medication Order is also necessary for medications that might ordinarily be available over the counter.
4. The Medication Order must be written on the “Medication Order Form” approved by the Tangipahoa Parish School System. This form may be obtained at the school office or on the TPSS website (www.tangischools.org).
5. Orders for multiple medications on the same form, incomplete forms, or a form with a prescriber’s stamp will not be accepted.
6. The Parent/Guardian Request and Authorization for Medication Administration Form must be completed.
7. Students are not allowed to transport medications to school. Medication must be delivered to school by a parent/guardian in a properly labeled container as dispensed by the pharmacist. The parent/guardian should get two (2) containers from the pharmacist for each medication to be given at school so there is proper labeling for the medication to be given at home and at school. If the medication is not properly labeled and does not match the physician’s order exactly, it cannot be given.
8. Only a thirty-five (35) school day supply of medication may be brought to school.
9. The initial dose of a medication must be administered outside of the school jurisdiction with sufficient time for observation for adverse reactions.
10. At the beginning of each school year and anytime there is a change in medication (e.g. dosage or time), a new Medication Order Form and a new Parent/Guardian Request and Authorization for Medication Administration Form must be completed.
11. Under no circumstances will a parent be allowed to make changes to a medication (e.g. dosage or time) without a written Medication Order.
12. An appointment must be made with the school nurse if new medication will be brought to school and if a change in a medication order occurs.

*Additional information regarding medications may be found in the TPSS Policy Manual online at www.tangischools.org.

Honor Roll and Principal’s Achievement Roll:

LEVELS OF RECOGNITION FOR ACADEMIC ACHIEVEMENT (GRADES 1-7):

1.0 & above -- Honor Roll
3.5 - 3.9 -- Honor Roll
3.0 - 3.4 -- Honor Roll

SELECTION CRITERIA (GRADES 1-7): Teachers use the letter symbols A, B, C, D, and F to report pupil progress in all grade levels except kindergarten. These same letter symbols are used to indicate pupil progress for each academic subject area that is listed on the report card. The selection of students for Honor Roll recognition or Principal’s Achievement Roll recognition will be determined by the grades earned in academic subjects only. Students who receive a “D” or “F” for a six-week grade will NOT be eligible for the Honor Roll. A student is NOT eligible to receive Honor Roll recognition if his or her promotion is in danger. Conduct is not an academic subject area; therefore, it is NOT a factor to be used in selection of students for Honor Roll recognition.

ADMINISTRATIVE OPTIONS: School participation in the Honor Roll program for grades 1-3 is optional. Participating schools may decide to publicize Honor Roll and Principal’s Achievement Roll recognition in a manner deemed most appropriate by the local school administration.

LEVELS OF RECOGNITION FOR ACADEMIC ACHIEVEMENT (GRADES 8-12):

4.0 & above—Honor Roll
3.5 - 3.9—Honor Roll
3.0 - 3.4—Honor Roll

ADMINISTRATIVE PROCEDURES: To recognize honor students for academic achievement, the percentage grade will be converted to a letter grade, the honors grading scale will be used for honors subjects, and honor roll for high schools will be acknowledged at semesters only.

PRINCIPAL’S ACHIEVEMENT ROLL: This is intended to provide recognition for students who achieve continuous progress consistent with their ability. Students may receive this recognition if they do not satisfactorily complete the minimum levels required for promotion.
**Honor Students:** Beginning with the freshman class of 2008-2009, to be eligible to compete for scholastic honors in a particular school in the TPSS, a student must have been registered in that school for the final semester of his/her senior year (90 days). Should the student fail to register during the first 10 days of the spring semester because of personal illness or illness in the family, this fact must be substantiated by a doctor’s certificate. The high school average of all semester grades is used in determining the honor students. To determine who shall be the honor students in the graduating class, the following procedure will be followed: All subjects in which credit was received shall be listed in the transcript sent to the Louisiana Department of Education. The cumulative grade point average (GPA) on the official transcript will be used as a basis for determining who will be honor students. Public recognition of honor students should be given at commencement exercises. Students will be recognized as honor students by using the following system: Summa Cum Laude-4.0 GPA, Magna Cum Laude-3.999–3.50 GPA, and Cum Laude-3.499-3.00 GPA.

**ACCELERATION (Grades K-8 and 9-12 Criteria):** Policies and procedures that address the placement of students who evidence that they will benefit more from the instructional program at an advanced grade level may be found on the TPSS website (www.tangischools.org).

### Student Evaluation Reports and Progress Reports:

Student Evaluation Reports (report cards) will be issued to elementary students at the end of each 6-week period. Progress Report will be issued to high school students every 6 weeks. Formal Student Evaluation Reports will be issued at the end of the first and second semester. Although it is the responsibility of each student to deliver evaluation reports to his/her parents/guardians, a student’s academic progress may be monitored daily through the “Student Progress Center.” It is extremely important for parents/guardians to monitor the academic progress of their children. Student Evaluation Reports should not be returned to the school. If parent conference days are scheduled, parent/guardians will be notified. If further information is needed, parent/guardians should contact the school his/her child attends.

### Student Progress Center:

The TPSS is committed to including parents/guardians in the educational process and one way to accomplish this is through a web application called “Student Progress Center.” This online system allows parents/guardians a safe and secure means of reviewing their child’s class assignments, grades, attendance records, discipline, transcripts, fees, and other information. Current grades are posted for every subject a student takes. When teachers enter test and assignment grades, the student’s average is shown, thereby allowing parents/guardians the ability to monitor the child’s progress in each subject. For more information regarding the Student progress Center, parents/guardians should contact the child’s school. Forms and user guides may be found on the TPSS website (www.tangischools.org) under “Resources/For Parents.”

### Homework Help:

Homework Louisiana (HomeworkLa.org), is a service of the State Library of Louisiana that offers FREE online tutoring and academic resources from Tutor.com for Louisiana residents from kindergarten students through adult learners. Students may get help in math, science, social studies or English from a live tutor. The services may be accessed from a Louisiana public library, from your home computer, or from a mobile device.

### Title I Parent Centers:

Title I Parent Centers encourage and support efforts by families to take a more active role in their child’s learning by: 1) offering parent training sessions (computer, computer lab, etc.) to guide parents in helping their children with school work; 2) guiding parents in preparing their young children for future entry into the School System; 3) loaning educational materials (student workbooks for summer review, readiness materials for young children, etc.) to parents; and 4) providing individual consultations to parents seeking guidance in improving their child’s academic skills. These services are free and are offered to all parents whose children attend Title I schools or who meet the guidelines of targeted assistance programs. Children do not have to be school age. Title I Parent Centers are federally funded. The Parent Centers follow the Tangipahoa Parish School Calendar and are located as follows:

- C. M. Fagan Service Center • 47439 North Oak Street • Hammond • Telephone: 985-429-9043
- Roseland Montessori • 12516 Time Avenue • Roseland • Telephone: 985-747-2771
- O. W. Dillon Leadership Academy • 1459 Service Road • Kentwood • Telephone: 985-474-8423
TRANSFER OF EXCEPTIONAL STUDENTS: Exceptional students with a current Individual Education Plan (IEP) who transfer for any reason from one approved public school to another within the parish or from another Louisiana school system will be placed in the appropriate special education program as specified on the Services/Placement Section of the Individual Education Plan (IEP) within 5 days of enrollment. Exceptional students who transfer from out of state, migrant and/or private school must present documentation of a current IEP and/or an individual evaluation that meets Bulletin 1508 eligibility requirements from the transferring school. Students with this documentation will be placed in the appropriate special education program as specified on the IEP within 10 days of enrollment. If the exceptional student has a current IEP, but has no individual evaluation from the transferring school, the student will be interim placed in the appropriate special education program as specified on the IEP within 10 days of enrollment. Upon receipt of an individual evaluation, the evaluation will be reviewed by Pupil Appraisal to determine if the evaluation is compliant with Bulletin 1508. Eligible students will be referred to the IEP Team who will meet and determine the appropriate special education placement within 10 calendar days. An out of state transfer student whose evaluation does not meet Bulletin 1508 criteria will be placed on an interim IEP for 60 days in order for the individual evaluation to be completed. Upon completion of the individual evaluation, an initial IEP will be conducted if Bulletin 1508 criteria are met. When a previously identified exceptional student enters school from a home study plan, his or her evaluation will be reviewed by Pupil Appraisal Personnel. If the evaluation is current (within the last 3 years), an IEP meeting will be held within 30 calendar days to determine placement. Students whose multi-disciplinary evaluation has expired (3-year timeline) shall be placed in the regular education program in accordance with local policy. The student will be referred to the School Building Level Committee to initiate a reevaluation to determine the need for special education and/or related services. No student who has been expelled in accordance with state law from any school in the state will be admitted to any school in the TPSS, except upon the review and approval of the Board. No student who has been expelled from any school outside the state of Louisiana or any nonpublic school within Louisiana for committing any of the offenses enumerated in state law shall be admitted to any school in the TPSS, except upon the review and approval of the governing body of the admitting school.

PARENT REQUEST FOR CONSIDERATION OF EVALUATION SERVICES: Parents may request to have their child referred to the local School Building Level Committee (SBLC) for consideration of the possible need for an Individuals with Disabilities Act (IDEA), Section 504, and/or Dyslexia evaluation. These requests must be submitted in writing to the principal with a copy to either Cheryl Braud, Director of Special Education (1745 S.W. Railroad Avenue, Suite 302, Hammond, LA 70403) or Deondra Warner, Section 504 Coordinator, (59656 Puleston Road, Amite, LA 70422).

DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES: Discipline procedures for children with exceptionalities in the TPSS are developed and implemented in accordance with the Individuals with Disabilities Education Improvement Act of 2004, the federal law governing the provision of a Free Appropriate Public Education (FAPE) for the discipline of students with disabilities; Louisiana Bulletin 1706 Subchapter B: Discipline Procedures for Students with Disabilities and §§530; and Tangipahoa Parish School Board policy. School personnel may remove a student with a disability or suspected disability who violates a code of student conduct from his or her current placement to an appropriate interim alternate educational setting, another setting, or suspension for not more than 10 consecutive school days, to the extent that those alternatives are applied to students without disabilities. Additional removals of not more than 10 consecutive school days in the same school year for separate incidents of misconduct are allowed, as long as the removal does not constitute a change of placement. A change of placement occurs if a student with a disability is removed from his or her current educational placement for more than 10 consecutive school days, or a student with a disability is subjected to a series of removals, cumulating to 10 or more days, that constitute a pattern because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. After a student with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the school district must provide services that enable the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. Whenever an action involving a removal that constitutes a change of placement for a student is contemplated, a Manifestation Determination Review is required. Within 10 school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the IEP team shall review evaluation and diagnostic results and other relevant information supplied by the parent or the student, consider observations of the student, and consider the student's IEP and placement to determine if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability; or if the conduct in question was the direct result of the district's failure to implement the IEP. On the date that the decision is made, school personnel shall notify the parents of that decision and provide the parents the procedural safeguards (Louisiana's Educational Rights of Children with Exceptionalities in Public Schools). For disciplinary changes in placement due to behavior that violates a code of student conduct that exceed 10 consecutive days: If school personnel, the parent, and members of the student's IEP team make the determination that the conduct was not a manifestation of the student's disability, school personnel may apply disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities, except the student should continue to receive educational services. School personnel and at least one of the student's teachers should determine the extent of services needed for the student to participate in the general education curriculum and progress toward meeting his or her IEP goals. In addition, the student should receive a
functional behavioral assessment and behavioral intervention plan designed to address the behavior violation so that it does not recur. If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. Services may be provided in an interim alternative educational setting, as determined by the student’s IEP Team. If school personnel, the parent, and members of the student’s IEP team make the determination that the conduct was a manifestation of the student’s disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the current plan will be reviewed and modified to address the current behavior. If the school district failed to implement the IEP, immediate steps should be taken to remedied the deficiencies. The student is to return to the placement from which he or she was removed, except under Special Circumstances; or unless the parent and school personnel agree to a change of placement as part of the modification of the behavioral intervention plan. School personnel may remove a student to an interim alternative educational setting under Special Circumstances for not more than 45 school days, without regard to whether the behavior is determined to be a manifestation of the student’s disability if: 1) The student carries a weapon to or possesses a weapon at school, on school premises, or at or at a school function under the jurisdiction of the state or any school board (under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code; 2) The student knowingly possesses or uses illegal drugs, sells, or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (Identified under Schedules I, II, III, IV, or V in Section 202(c) of the Controlled Substance Act (21 U.S.C. 812(c); or 3) The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the state or any school board (under paragraph (3) of subsection (h) of section 1365 of Title 18, United States Code. In-school suspensions, in which a student’s IEP is being implemented, are not considered removals from a student’s current educational setting. All other removals, whether to an alternative school or homebound, are considered changes in placement regardless of whether the student’s IEP is being implemented in the alternative setting, unless a reevaluation is conducted and the student’s IEP team determines these are the Least Restrictive Environment (LRE). Any parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination, or the school district believes that maintaining the current placement of the student is substantially likely to result in injury to the student or others, may appeal the decision by requesting a due process hearing under Bulletin 1706, §507 (Filing a Request for Impartial Due Process Hearing) and § 508 A and B (Due Process Hearing Request). Ref. LA. Regulations for Implementation of the Children with Exceptionalities Act, Bulletin 1706 Subchapter B: §530. Seclusion/restraint procedures provide guidance for the use, reporting, documentation and oversight of seclusion and restraint in the TPSS following issuance of regulations by the Board of Elementary and Secondary Education (BESE), Louisiana Department of Education (LDE). These procedures specifically address the statutory requirements of La. R.S. 17:416.21 (Louisiana Act 328 of 2011) and revised Louisiana Bulletin 1706 regarding the use of seclusion and restraint being used as emergency safety measures to control the actions of students with exceptionalities in Louisiana’s public schools. It is understood that this procedural/guidance document is a work in progress and in no way constitutes the totality of interventions and strategies that may be used by the Tangipahoa Parish School Board and its personnel in addressing the educational needs of students with exceptionalities. For the purposes of this document, the TPSS may encompass adopted policies; administrative procedures implemented by school administrators and school employees (as defined herein) and guided forms developed to assist school employees in carrying out their responsibilities under La.R.S.17:416.21 (Act 328 of 2011) and applicable sections of Louisiana Bulletin 1706. You may ask your school administrator for a full copy of these procedures.

SECLUSION AND RESTRAINT POLICY AND PROCEDURES FOR STUDENTS WITH DISABILITIES: (The TPSS Seclusion and Restraint Policy and Procedures will be posted on the TPSS website, and, effective with the 2013-14 school year, included in the Student & Parent Handbook, a copy sent to parents of all students with an IEP during the first 3 weeks of the school year.) All local education agencies (LEAs) must have local written guidelines and procedures for appropriate responses to the behavior of student with disabilities that may require immediate intervention in the form of seclusion and restraint. These written guidelines and procedures must be provided to every parent of a child with a disability in the LEA and to all school employees, posted at each school and on the LEA’s website, and a copy must be provided to the Louisiana State Department of Education (LDOE). The Tangipahoa Parish School System (TPSS) has approved the following guidelines and procedures relative to the use of seclusion and restraint by its employees:

- Notification requirements for school officials and parents/legal guardians: When a student is restrained or placed in seclusion, parents/guardians must receive a phone call from a school administrator as soon as possible. All employees who witnessed/assisted with the incident must complete the Physical Restraint Incident Report (PRI) within 24 hours and submit the form to their school administrator. The PRI must be mailed to the parent/guardian no later than 24 hours after the incident. If an administrator is not available, the administrator’s designee must notify the parent/guardian. The Director of Special Education, as well as the Director of Child Welfare and Attendance must receive a copy of the form within 2 school days. The Seclusion Incident Log (SIL) must be completed by the person(s) designated to observe/monitor the student every 15 minutes. This form must be submitted to the school administrator by the end of the day of the incident. The SIL form must be mailed to the parent no later than 24 hours after the incident.
- Explanation of methods of physical restraint: Employees with Handle with Care (HWC) Behavioral Management System training are trained to focus on prevention and use proven strategies for safely defusing anxious, hostile, or violent behavior at the earliest possible stage. Whenever practical, these employees are the “first responders” in situations that may escalate to the point of physical restraint. These employees are trained to practicing the principles of non-harmful physical intervention, thereby reducing the risk of injury.
- Training requirements relative to the use of restraint: The principal, in conjunction with Central Office personnel, will select the employees to be trained to use HWC. The training will be conducted by a certified trainer with refreshers/updates provided annually. The special Education Coordinator will maintain documentation of training.
- Dissemination of guidelines and procedures to all school employees: All school employees will be provided a copy of the TPSS Seclusion and Restraint Policy and Procedures during the first 3 weeks of school. All employees will be afforded the opportunity to receive additional information upon their request. School administrators will provide a copy to all employees and obtain their signature indicating receipt of the information.
- Notification to the Louisiana Department of Education: The Director of Special Education and the Director of Child Welfare and Attendance will be responsible for notifying the LDOE.
- A complete copy of the TPSS Seclusion/Restraint Guidelines and Procedures may be found on the TPSS website (click on info tab and scroll to policies) and a hard copy may be obtained by contacting Child Welfare and Attendance (985-748-2527) or Special Education (985-542-7195).

The Tangipahoa Parish School Board recognizes that schools should play a vital role in promoting student health, preventing childhood obesity, and combating problems associated with poor nutrition and physical inactivity. Thus, a “Wellness Policy” for our school district has been created and implemented. This Policy is a comprehensive plan to promote physical activity for all grade levels, and encourage consumption of healthier foods throughout the school day. Breakfast is served in all Tangipahoa Parish School System schools. Breakfast service begins with the arrival of buses and continues until the school day officially begins. Each menu consists of nutritionally balanced menu choices that include a variety of fruits, vegetables, low-fat milk, whole grains and meat or meat alternates.

Lunch service may consist of two to three menu choices daily. Lunch for students in grades levels Pre-K-4 will only consist of the selected main menu for the day. Lunch for students in grade levels 5-12 shall be given a similar option for lunch, with a choice of a sandwich or the hot entrée choice of the day (Mama’s Kitchen). Lunch for high school students shall consist of an option of three menus choices daily: a sandwich, entrée salad, or the hot entrée choice of the day (Mama’s Kitchen). Per USDA, all meal components must be met to constitute as a reimbursable meal. There is a possibility that there will be only one meal served on half days of school.

**SPECIAL DIETARY NEEDS:** In order for a child to receive a special diet/menu substitution, federal and state regulations require a current “Special Diet Prescription Form” to be completed and signed by your child’s physician or recognized medical authority. The completed form must be submitted to the TPSS Child Nutrition Department before any type of changes and/or substitutions are made to a student’s diet. Menu substitutions will be provided at the discretion of the Child Nutrition Services Office according to the current food availability. If your child has special dietary needs, please go the TPSS website, select Child Nutrition Program then “Special Dietary Needs.” Print out the current school year’s Special Diet Form and submit the completed form to our office. The completed form can then be faxed to the Child Nutrition Department at 985-748-2487 (quickest method) or mailed to: Tangipahoa Parish School System, Attn: Child Nutrition Department, 59656 Puleston Road, Amite, LA 70422. Please allow at least 5 business days for processing in Central Office. Confirmation of process completion will be sent to parent/guardian via contact number/email provided.

**FREE MEAL BENEFITS (COMMUNITY ELIGIBILITY PROVISION):** Tangipahoa Parish School System has chosen to participate district-wide in the USDA’s Community Eligibility Provision (CEP). CEP is a program that allows schools to offer one breakfast and one lunch daily at no charge to all students. For 2017-18, meal applications will no longer be used to determine eligibility for meal service in schools. CEP is a key provision of the Healthy, Hunger Free Kids Act of 2010.

**EXTRA SALES ITEMS (Smart Snacks):** Extra sale items are offered to students, after the consumption of a reimbursable meal from our cafeterias, upon the discretion of the principal. Brown bag students may not purchase pizza, chicken sandwich, or any other entree without the purchase of a reimbursable meal served in our cafeterias. Extra sales items must meet the nutritional guidelines of Smart Snacks. Soft drinks, candy, etc. are not sold in our cafeterias. To encourage consumption of healthier foods throughout the school day, adults and students are prohibited from taking carbonated beverages into the cafeteria during meal service. Schools will accept cash payment for all extra sales items or deduct the cost of extra sales from the student’s meal account if funds are available. If parents or guardians do not want extra sales deducted from their child or children’s meal account, they should notify the school cafeteria or make sure the child understands that he or she must pay for extra sales purchases each day.

**SMART SNACKS:** We encourage students to make healthier snack choices that give them the nutrition they need to grow and learn. Required by the Healthy, Hunger-Free Kids Act of 2010, Smart Snacks allows schools to offer snacks for children, while limiting junk food. This regulation applies to foods sold a la carte, vending machines, and any other venues where food is sold to students during the school day. The TPSS Child Nutrition Department follows all federal and state Smart Snack guidelines when selling extra sales/miscellaneous items.

**ONLINE PAYMENTS FOR MISCELLANEOUS FOOD ITEMS:** Online payments are available through our computer programs and MySchoolBucks online payments systems. Go to our TPSS website www.tangischools.org, choose MySchoolBucks from the “Quick Links” on the left side of the webpage or go directly to the site (www.myschoolbucks.com). A processing fee of $2.50 will be accessed for each transaction made. To set up an account, have student identification information for each child, school name, and payment method (Master Card, Visa, Discover, or e-check) account information. If you have any questions, contact the Child Nutrition Department at 985-748-2480 or MySchoolBucks customer service at 1-855-832-5226.

**STUDENT ACCOUNTS:** If a student ended the year with money in his or her account, the money will be forwarded to the next school year. If the student transfers to another school within the TPSS district, the money will also be forwarded to the next school year.
BIOMETRIC SCANNING/BARCODE SCANNING: Either Biometric Scanning (finger scanning) or Barcode Scanning is used at “point of service” to identify the student. If parents or guardians do not want their child or children to participate in Biometric Scanning, they must notify the principal in writing prior to the opening of school requesting that the student’s finger not be scanned.

NON-DISCRIMINATION STATEMENT: In accordance with Federal civil rights law and U. S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English. To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: Mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; Fax: (202) 690-7442; or Email: program.intake@usda.gov. This institution is an equal opportunity provider.

School bus transportation is a privilege and should not be taken for granted. Our goal is to transport student bus riders safely to and from school each day. Parents/guardians should understand their responsibility in working with the bus driver and other School System personnel for the safety and welfare of their child or children. Emphasis should be placed on demonstrating a cooperative relationship with the bus driver through courteous communication and by regularly reminding students to follow the rules and procedures.

SPECIAL ACCOMMODATIONS: Parents or guardians should notify the school principal regarding any special medical conditions or accommodations that will affect a student’s transportation on the school bus. The “Special Needs Bus Application & Confidential Medical Information Bus Form” must be completed for any student who is determined by the IEP team to require special accommodations to ride the bus.

SCHOOL BUS DISCIPLINE: The School Board directs that the school bus driver, together with the school principal, assume full responsibility for the discipline of pupils riding the school buses. The bus driver will report any disciplinary problems to the principal of the school involved. It is the duty of the driver, in case of any infraction of rules by any student, to notify (preferably in person) the principal or designee of the school the student attends. At no time shall the bus operator assume authority for suspending bus privileges or taking disciplinary action. The principal has the responsibility to determine the consequence issued to students who violate regulations. If necessary, the principal may suspend bus privileges. Any parent or guardian of a pupil suspended from riding a school bus shall have the right to appeal to the Superintendent or his designee, who shall conduct a hearing on the merits of the bus suspension. A pupil damaging a school bus shall be subject to suspension from school. Any pupil suspended for damages to any school bus will not be readmitted to school until payment in full has been made for damage or until the Superintendent directs that the student be readmitted.

Students who have difficulties with other students while riding the bus should report the problem to the driver. If the problem is not resolved by the driver, then it should be reported to the principal of the school the student attends. Principals are responsible for handling all disciplinary problems. Students who misbehave or do not follow the bus driver’s instructions and the “Safe Procedures for School Bus Riders” will be subject to disciplinary action. The bus driver’s actions may include counseling, parent referral, permanent seat assignment, or referral to the principal. The principal’s action may result in suspension or expulsion from riding the bus or other action deemed appropriate for the infraction. Once a student has been suspended or expelled from a bus, he or she is suspended or expelled from all School System buses. The school bus driver is responsible for ensuring all students adhere to the School System’s bus rules. At the beginning of each school year and whenever the driver deems necessary, he or she will read the bus behavior rules to his/her passengers, establish expectations of adherence to these rules, and explain the disciplinary process when students fail to obey. The bus driver will take the following discipline steps when a student fails to obey bus behavior rules:

   Step I: When a student fails to obey a school bus rule, the driver will give the student a verbal warning. This warning should include the rule(s) broken, an expectation of corrective behavior, and a reminder of the next step in the discipline ladder. At this point, the driver may reassign the student to a front seat for closer monitoring. The driver will document the verbal warning.

   Step II: The driver shall attempt to contact the student’s parents or guardians by phone or in writing to inform them of the student’s misbehavior and seek their assistance in correcting the problem. The driver will document that he or she had a conversation with the student’s parents, or their failed attempts to do so.
Step III: The driver will complete the “Bus Behavior Form” and submit it to the student’s principal. The form should identify the child, the behavior problem, the previous discipline action taken (warning and parent conversation), and any recommended disciplinary action. The student will receive disciplinary action at the discretion of the administration of the school. A conference with parents, student, driver and administrator will be held if deemed necessary.

Step IV: The driver will complete the “Bus Behavior Form” as defined in Step III and submit it to the student’s principal. A conference with the driver, student, parents, and administrator is required before the student may ride the bus again. The student will be suspended from the bus for a minimum of 3 days.

Step V: Same as Step IV, with an increase in the number of days to a minimum of 5 days.

Step VI: The student is removed from the bus for a minimum of 9 days and until a hearing is held with a representative from the TPSS Child Welfare and Attendance Department.

The principal is the only person with the authority to discipline a student. A student’s behavior may warrant a direct jump to any of the discipline steps listed above. A student’s good behavior may move him or her back to a lower discipline step. The prompt return of the Verification and Emergency Data Form to the school bus driver will be appreciated. Students who do not ride a bus on a regular basis should return the form to the school principal. Parents/guardians (or designee) should follow the safe procedures listed below and review them with their child or children to explain the reason for the rules or to answer any questions:

1. Provide the bus driver with the appropriate phone number(s) and emergency number(s). Notify the school and the bus driver immediately if any telephone numbers have been changed or disconnected.
2. Provide the bus driver with pertinent written information regarding any special care the student may need while on the bus.
3. Ensure that the student meets acceptable hygiene standards before boarding the bus.
4. Have the child at the designated bus stop at the regularly scheduled time and provide the necessary supervision until the bus arrives.
5. Contact the bus driver to obtain their child’s bus stop time and location.
6. Contact the TPSS Transportation Department (985-748-2423) to request a review of the bus stop location if your child is walking more than three-tenths of a mile from the end of their driveway to the bus stop location, providing a safe alternative exists. The School System has established that no student will walk more than three-tenths (1600 feet) of a mile from the end of their driveway to the bus stop location, providing a safe alternative exists.
7. Ensure that any specialized carrying equipment is in safe working order and secure the child into the carrying equipment before he or she boards the bus.
8. Meet the bus upon its return to the designated bus stop at the scheduled time.
9. Make a reasonable and timely effort to notify the bus driver prior to the beginning of the morning run if the child is unable to attend school.
10. Help keep the area to and from the loading area clear of obstacles and unnecessary debris.
11. Help keep bus turnarounds and lanes clear of parked vehicles and garbage cans to provide easy access to bus stops.
12. Call the school in case of an emergency that might prevent the parent from meeting the child at the bus, and give the name of the person who will meet the child in place of the parent so the school may give this information to the bus driver. The name of the person should be on the emergency information form.
13. Provide transportation to and from school if suspension from the bus is authorized.
14. Cooperate with school and the school bus driver in teaching children safety precautions, good manners, and habits for school bus passengers.
15. Assist when there are disciplinary problems.
16. Try not to distract the driver during loading or unloading and keep conversations with the driver to a minimum, since this may cause traffic delays or an accident. Parents may schedule a conference with the bus driver by contacting the child’s school.
17. Refrain from boarding the school bus. It is against the law and School Board policy to verbally abuse the driver or detain the driver from his or her bus route.
18. Familiarize yourself and follow local School Board and school-level policies regarding school bus transportation.

SAFETY RULES FOR SCHOOL BUS RIDERS: A school bus with undisciplined passengers is a hazardous bus. Student misbehavior can lead to accidents. The driver must concentrate on driving and cannot be expected to constantly supervise the students while the bus is in motion. Therefore, for the safe operation of the school bus, students should be aware of and obey the safety rules listed below.

1. Cooperate with the driver—your safety depends on it.
2. Be on time—the bus will not wait.
3. Cross the road cautiously when waiting for and leaving the bus. Follow the bus driver’s instructions when waiting for and leaving the bus.
4. Have written permission authorized by the principal to get off at a stop other than your own. Parents may request a “Special Transportation Request Form” from the principal of the school the student attends. NOTE: Special transportation requests will be considered on a “space available basis.” Students may only reserve space on one bus each morning and one bus each afternoon.
5. Be courteous, safety conscious, quiet, well behaved and remain seated at all times when the bus is in motion.
6. Do not extend arms, head, or other objects out of windows and doors and do not throw objects in the bus or out of windows and/or doors. Do not use the emergency door at any time other than in an emergency.
7. Help keep the bus clean and do not eat or drink on the bus. Do not damage the bus in any way. Do not mark on, take apart, cut, tear, or abuse the bus interior or the seat covers.
8. Do not use or possess alcohol, illegal drugs, pets (cats, dogs, etc.), glass objects (except eyeglasses), weapons (including knives), and objects too large to be held in your lap or placed under your seat (including band instruments) on the bus.
9. Do not use tobacco, matches, cigarette lighters, or obscene materials on the bus.
10. Keep the center aisle clear of feet, books, or objects that may obstruct the walkway and keep your hands, feet, and possessions to yourself.
PROCEDURES FOR WAITING FOR AND BOARDING THE SCHOOL BUS: Be at the designated bus stop at least 5 minutes before the normal arrival time of your bus dressed appropriately for the weather (jacket, raincoat, etc.). Wait quietly on the sidewalk or if a sidewalk is not present, wait at least 6 feet (3 giant steps) off the roadway. Avoid pushing, shoving, fighting or rough play. Be careful of private property (flowerbeds, shrubs, etc.). Beware of moving vehicles and pedestrians exhibiting unusual behavior. If you have to cross the roadway to board the bus, wait for the driver to give you the universal crossing signal before you begin to cross, then cross at least 10 feet (5 giant steps) in front of the bus. Always look in both directions for oncoming vehicles before crossing. Never cross the roadway behind the bus. Be sure that the bus driver can see you at all times. When the bus arrives, wait until the bus stops, the door opens, and then board the bus in single file when the driver tells you to do so. Avoid pushing and shoving. Use the bus handrails at all times when boarding the bus. Be careful when stepping up on slick steps in rainy weather. Once on the bus, proceed to the seat that the bus driver has designated for you, sit down and be quiet. Factors such as safety, physical disabilities, age, and conduct are determining considerations for seat assignments.

PROCEDURES FOR EXITING THE SCHOOL BUS: Remain in your seat until the bus arrives at your designated bus stop. Once the bus has stopped, proceed promptly and orderly to the front of the bus. Be careful when stepping down on slick steps in rainy weather and use the handrails at all times when exiting the bus. Be careful that clothing with drawstrings and book bags with straps are not caught in the handrails or doors. If you have to cross the roadway, cross in front of the bus. Walk at least 6 feet (3 giant steps) away from the side of the bus and then at least 10 feet (5 giant steps) in front of the bus. Wait for the driver to give you the universal-crossing signal before you begin to cross. Always look in both directions for oncoming vehicles before crossing. Never cross the roadway behind the bus. Be sure that the bus driver can see you at all times. If you drop something near the bus, tell the bus driver. Never try to pick it up because the driver may not be able to see you. Walk directly home by the safest route. Do not go to your mailbox or to a friend’s house. Avoid trespassing on private property. Beware of moving vehicles and pedestrians. The bus driver will control traffic with the school bus flashing lights and stop arm signal to insure a safe crossing. Follow your driver’s directions and/or signals while crossing.

PROCEDURES IN CASE OF AN ACCIDENT OR EMERGENCY: Report any emergency (fire, smoke, injured or sick student, etc.) to the school bus driver. Remain calm and encourage others to do the same. Do not panic or move without thinking. Stay in your seat until the driver tells you what to do or until you are sure of what is the safest move to make. Do not touch emergency equipment or door control handles unless told to do so by the bus driver except in the case of an extreme emergency and you are the closest person to the door. Do not move injured persons unless absolutely necessary.

PROCEDURES FOR EMERGENCY EVACUATION OF A SCHOOL BUS: Students who ride the bus on a regular basis should be aware of the procedures to follow for emergency evacuation of the school bus. Students who do not ride a bus to and from school on a regular basis must be instructed on these procedures for extracurricular activity trips. Emergency exits of the bus are as follows: rear emergency door, front entry door, windows, windshield, large rear glass, and roof-mounted escape hatches. In an emergency situation, leave everything on the bus. Your life is more important than your coat, purse, book sack, or lunch box. If a young child cannot open the door, an older child or two small children could open it. Kick out windows if doors are blocked or stuck. Passengers closest to the exit should leave the bus first and clear the exit quickly so others can follow. If there is a need to jump from the bus, bend your knees to cushion your landing. Older students should offer to assist younger students when exiting. Move away from the bus to a safe area off the roadway or street. If the driver is injured, seek help from passing automobiles or from the nearest house.

TANGIPAHOA PARISH SCHOOL BOARD POLICIES
The complete Tangipahoa Parish School Board Policy Manual may be found on our website at www.tangischools.org.

ANNUAL NOTIFICATION: All parents/guardians shall be notified annually of their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA) and applicable state law. Such notification shall be made annually by publication in student handbooks, newsletters, notification to student’s home by students, by mail, or publication in the official journal or in such manner as deemed appropriate by the Tangipahoa Parish School Board.

PRIVACY OF RECORDS: The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the United States Department of Education. This law extends to school health records with the same protections. School health records are also protected by the Health Insurance Portability and Accountability Act (HIPAA) of 1996. A major component of HIPAA addresses the privacy of an individual’s health information by establishing a nation-wide federal standard concerning the privacy of health information and how it can be used and disclosed. Confidentiality of records shall be maintained during the creation, storage, transfer, and destruction of student health records.

STUDENT RECORDS: Parents and guardians have the right to inspect and review any school records dealing with their children. Students eighteen (18) years of age or older have the sole right to inspect and review their respective student records. Limited access to student records may also be granted certain school officials and others as outlined in this policy. Any access to, or disclosure and release of student information shall be in accordance with federal and state law and regulations. Definitions are as follows:

1. AGGREGATE DATA: for purposes of this policy, statistics and other information that relate to broad classes, groups, or categories from which it is not possible to distinguish the identities of individuals.
2. DISCLOSURE: to permit access to or the release, transfer, or other communication of personally identifiable information contained in education records by any means, including oral, written, or electronic means, to any party except the party identified as the party that provided or created the record.

3. EDUCATIONAL RECORDS: records which are directly related to a student and are maintained by the School Board or school by a person acting for the School Board or school. Excluded from the term “educational records” are records of instructional, supervisory or administrative personnel which are in the sole possession of the maker and are not accessible or revealed to any other individual except a substitute.

4. LEGITIMATE EDUCATIONAL INTEREST: the interest that requires regular access for purposes of adding material, periodic review, filing new student data and/or removing inadequate, ambiguous, no longer relevant data; the interest having the educational wellbeing of the student in mind for purposes of continuing, improving or changing the education program of the student and the interest in which the person has a legitimate need to know.

5. PARENT OR LEGAL GUARDIAN: a student’s parent, legal guardian, or other person or entity responsible for the student.

6. PERSONALLY IDENTIFIABLE INFORMATION: Information about an individual that may be used on its own or with other information to identify, contact, or locate a single individual, including but not limited to the following: 1) any information that can be used to distinguish or trace an individual’s identity such as full name, social security number, date and place of birth, mother’s maiden name, or biometric records; 2) any other information that is linked or linkable to an individual such as medical, educational, financial, and employment information; or 3) two or more pieces of information that separately or when linked together can be used to reasonably ascertain the identity of the person.

7. SCHOOL OFFICIAL: an administrator, supervisor, principal, support staff, or any person employed by or under contract to the School Board, or authorized volunteer, to perform a function or service on behalf of the School Board.

ACCESS TO STUDENT RECORDS: In addition to the parent, legal guardian, or student (if the student is eighteen (18) years of age or over) access to student records may only be provided with proper authorization in accordance with the following:

1. A person employed in a public school or other person authorized by the Superintendent may be provided or have access to a student’s records.

2. Any person who is authorized by state law or the Superintendent to access a student’s records on a public school computer system, except a parent or legal guardian, shall maintain the confidentiality of any student information to which he/she has access. Failure to maintain the confidentiality of such information shall be punishable as provided in La. Rev. Stat. Ann. §17:3914.

3. Except as provided below, no person or public or private entity shall access a public school computer system on which student information is stored. No official or employee of the School Board shall authorize access to such a computer system to any person or public or private entity except as authorized below.

4. The following persons may access a public school computer system on which student information for students at a particular school is stored:
   - A student who has reached the age of eighteen (18) or is judicially emancipated or emancipated by marriage and the parent or legal guardian of a student who is under the age of eighteen (18) and not emancipated. Such access shall be limited to information about the student. A student who has reached the age of eighteen (18) or is emancipated and the parent or legal guardian of a student who has not reached the age of eighteen and is not emancipated may authorize, in writing, another person to access such information.
   - A teacher of record. Such access shall be limited to information about his/her current students.
   - The school principal and school registrar.
   - A School Board employee employed at the school and designated by the principal. Such access shall be limited to student information necessary to perform his/her duties.

   - The following persons may access a computer system of the School Board on which student information for students from throughout the system is stored: 1) the Superintendent; 2) a School Board employee designated by the Superintendent. (Such access shall be limited to student information necessary to perform his/her duties.); 3) A person authorized by the Superintendent to maintain or repair the computer system or to provide services that the school system would otherwise provide; 4) A person authorized by the state to audit student records; 5) A public or private entity with whom the School Board has contracted for student and other educational services. Pursuant to such a contract, student information, including personally identifiable information and cumulative records, may be transferred to computers operated and maintained by the entity for such purpose. Such a contract shall be in accordance with the requirements of La. Rev. Stat. Ann. §17:3914.

5. Persons permitted access to a student’s records shall only have access to those education records in which they have a legitimate educational interest. Proper administrative regulations and procedures shall be maintained to ensure compliance with this provision.

6. The School Board shall maintain a record of each request for access to, and each disclosure from, records of each student in accordance with federal regulations. The School Board shall maintain such a record with the education records of the student for as long as the records are maintained.
REVIEW OF STUDENT RECORDS BY THE PARENTS/GUARDIANS: Schools shall provide for the review of student records by parents or guardians, or any student eighteen (18) years of age or older. Parents and students shall be given notification of their right to review the student records. Access to school records shall not be denied to a parent solely because he/she is not the child’s custodial or domiciliary parent. The parent or legal guardian of a student shall be provided access to student records upon written request to the principal maintaining those records within the school system no more than forty-five (45) days after the date of receipt of the request. The parent, legal guardian or student, if the student is eighteen (18) or over, shall, upon written request to the principal maintaining those records, have the opportunity to receive an interpretation of those records, have the right to question those data, and if a difference of opinion is noted, shall be permitted to file a letter in said cumulative folder stating their position. If further challenge is made to the record, the parent, legal guardian, or student if 18 or older, may request a hearing. If, as a result of the hearing, the School Board decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall amend the record accordingly; and inform the parent or eligible student in writing. If, as a result of the hearing, the School Board decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the School Board or both. The hearing shall be held within a reasonable time after receipt of the request for the hearing from the parent or eligible student. The hearing shall be conducted by the Superintendent. At the hearing, the parent or student eighteen (18) or over shall be given a full and fair opportunity to present evidence relevant to issues raised. The parent or student may, at his/her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney. The Superintendent shall make his/her decision in writing within a reasonable period of time after the hearing. The decision must be based solely on the evidence presented at the hearing, and must include a summary of the evidence and the reasons for the decision. The decision shall be communicated to the school and parent in writing within ten (10) working days following the date of the hearing.

DISCLOSURE OF STUDENT INFORMATION: No official or employee of the School Board shall provide personally identifiable student information to any member of the School Board or to any other person or public or private entity, except such an official or employee may, in accordance with applicable state and federal law:

- Provide a student’s identification number and aggregate data to the School Board, the Louisiana Department of Education, or the Louisiana Board of Elementary and Secondary Education (BESE) solely for the purpose of satisfying state and federal reporting requirements.
- Provide to the Louisiana Department of Education, for the purpose of satisfying state and federal assessment, auditing, funding, monitoring, program administration, and state accountability requirements, information from which enough personally identifiable information has been removed such that the remaining information does not identify a student and there is no basis to believe that the information alone can be used to identify a student.
- Provide personally identifiable information regarding a particular student to any person or public or private entity if the sharing of the particular information with the particular recipient of the information has been authorized in writing by the parent or legal guardian of the student, or by a student who has reached the age of legal majority, or if the information is provided to a person authorized by the state, including the legislative auditor, to audit processes including student enrollment counts. Any recipient of such information shall maintain the confidentiality of such information. Any person who knowingly and willingly fails to maintain the confidentiality of such information shall be subject to the penalties provided in La. Rev. Stat Ann. §17:3914.
- Provide for the transfer of student information pursuant to the provisions of La. Rev. Stat Ann. §17:112. With limited exception as allowed by state or federal law or regulation, any re-disclosure and/or release of personally identifiable information shall require a legitimate educational interest of the recipient.

RELEASE OF STUDENT INFORMATION

1. In accordance with the No Child Left behind Act of 2001, schools shall honor the requests of military recruiters for names, addresses and phone numbers of high school students, unless parents have specified that such information not be released to such recruiters.
2. In accordance with La. Rev. Stat. Ann. §17:112, the principal of a public elementary or secondary school shall provide for the transfer of the education records, including special education records, if applicable, of any current or former student at his/her school upon the written request of any authorized person on behalf of a public or nonpublic elementary or secondary school, or an educational facility operated within any correctional or health facility, whether within or outside the state of Louisiana, where such student has become enrolled or is seeking enrollment. Under no circumstances may a school or school district refuse to promptly transfer the records of any child withdrawing or transferring from the school. Transfer of records, whether by mail or otherwise, shall occur no later than ten (10) business days from the date of receipt of a written request.
3. Student records shall be furnished in compliance with judicial orders or pursuant to any lawfully issued subpoena if the parents, legal guardian and students are notified in advance.
4. Once the parent, guardian, or student of majority age has granted permission for collection of certain data in accordance with La. Rev. Stat. Ann. §17:3914, such data shall be disclosed solely for purposes of processing a student’s application to a Louisiana postsecondary education institution or to the Louisiana Office of Student Financial Assistance for receipt of financial aid.
5. The School Board may disclose personally identifiable information from student records to appropriate parties, including the parents of a student 18 years old or older, in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.
6. The School Board and employees may disclose education records or information from education records, without the consent of the parent or guardian of the student who is the subject of the records, to certain law enforcement officials. Disclosure of such records or information shall be in accordance with the following provisions:

- Disclosure of education records or information from education records shall only be made to state or local law enforcement officials or to other officials within the juvenile justice system. Verification of the official's position may need to be made before the disclosure of records or information.
- The disclosure of the education record or information must relate to the ability of the juvenile justice system to serve, prior to adjudication, the student whose records or information is to be disclosed.
- The officials to whom the records or the information are disclosed shall certify in writing that that person, and any agency or organization with which that person is affiliated, shall keep the personally identifiable portions of the records or the information confidential and shall not disclose the personally identifiable portions of the records or the information to any person, agency, or organization except a person, agency, or organization within the juvenile justice system having an independent right to the information.
- Any other provisions necessary to comply with federal law or rules.

7. A record of all authorizations for release of information shall be maintained by the School Board and all such authorizations shall be included in the student’s records.

**RESPECT:** The Tangipahoa Parish School Board requires each student in grades K-12 to exhibit appropriate conduct as required by state law when speaking with any School System employee while on school property or at a school-sponsored event. Students will address and respond to each employee by using respectful terms (Yes, Ma’am; No, Ma’am; Yes, Sir; No, Sir). Students who violate this policy will not be suspended or expelled, but will be disciplined according to Step II, Number 1 of the Assertive Discipline Plan.

**SEXUAL HARASSMENT:** The School Board recognizes that discrimination on the basis of sex is a violation of Title IX of the Education Amendment of 1972, 20 U.S.C. Sec. 1681, and its implementing regulation at 34 C.F.R. Sec. 106.31, which provides that “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.” The School Board maintains a firm policy prohibiting all forms of discrimination and all forms of sexual harassment on the part of an employer-employee, employee-to-student, or any other combination of these relationships within the workplace or school setting. The Board does not condone and will do everything within its power to provide all students and employees with an environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical contact or any ongoing communications constituting sexual abuse, as defined and otherwise prohibited by state and federal law and by the policy set forth. Reports of sexual harassment should be submitted to the school principal first. The TPSS contact is Lisa Fussell, Title IX Coordinator, 59656 Puleston Road, Amite, LA 70422.

**RACE, COLOR, NATIONAL ORIGIN, HARASSMENT, INTIMIDATION OR DISCRIMINATION:** Harassment or intimidation based on race, color, or national origin is oral, written, graphic or physical conduct relating to a student’s race, color, or national origin (including a student’s ancestry, country of origin, or country of origin of the student’s parents, family members, or ancestors) that is sufficiently severe, pervasive, or persistent so as to interfere with or limit the ability of a student to participate in or benefit from the school district’s programs or activities. Harassment or intimidation of students because they are immigrants, speak another language, or have a foreign accent may constitute discrimination based on national origin or race or both, depending on the circumstances. A race, color, or national origin basis for acts of harassment or intimidation may be evidenced from the explicit statements of the perpetrator or may be inferred from the surrounding circumstances. For purposes of this policy, harassment or intimidation of a student based on the student’s race, color, and/or national origin consists of verbal or physical conduct relating to the student’s race, color, and/or national origin (including a student’s ancestry, country of origin, or country of origin of the student’s parents, family members, or ancestors) that is sufficiently severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an education program or activity or creates an intimidating or abusive educational environment; the harassing/intimidating conduct has the purpose or effect of substantially or unreasonably interfering with a student’s academic performance; or the harassing/intimidating conduct otherwise adversely affects a student’s learning opportunities. Discrimination based on race, color, or national origin is prohibited: No school employee or third person assisting or otherwise participating in a school-sponsored activity shall discriminate against a student based solely upon the race, color, and/or national origin of the student. Reporting incidents of harassment, intimidation, or discrimination based on race, color, and/or national origin: It is the responsibility of all school personnel to report incidents of harassment/intimidation or discrimination that may be based on the race, color, and/or the national origin of a student. The report shall initially be made to the school-based coordinator who shall promptly advise the principal of the alleged incident. Failure to do so may result in disciplinary action against the offending school employee.

Whenever an incident of harassment, intimidation, or discrimination based on race, color, and/or national origin is observed by a school employee, a written report shall promptly be prepared by the school-based coordinator listing the persons involved, their race, the nature of the incident and the approximate time and location of the alleged incident. The report shall be promptly delivered to the principal who, in turn, shall promptly submit the report to the district-wide coordinator for review and investigation with such assistance as the district-wide coordinator may request from the school-based coordinator. Where the report of harassment, intimidation or discrimination is reported by a victim student, the school employee receiving the report shall promptly usher the student to the school-based coordinator where the incident can be related by the student to the school-based coordinator. The school-based coordinator shall prepare a written report based upon the allegations as related by the student which shall contain in addition to the alleged incident, the name and race of the student victim, the name and race of the student or other person named by the student as the perpetrator or a description of such person, and the
Where an incident of harassment, intimidation, or discrimination based on race, color, and/or national origin of a student is allegedly perpetrated by a school employee, the alleged incident shall be immediately reported to the school-based coordinator, the principal, the district-wide coordinator, and the superintendent of schools. Failure to immediately report the alleged incident shall subject the omitting party to disciplinary action. If following an investigation of the alleged incident it is determined that the incident occurred, appropriate disciplinary action shall be taken by the Superintendent and/or the School Board. Where an incident of harassment, intimidation or discrimination based on race, color, and/or national origin of a student is allegedly perpetrated by a non-school employee, the alleged incident shall be immediately reported to the school-based coordinator, the principal, and district-wide coordinator. Failure to immediately report the alleged incident shall subject the omitting party to disciplinary action.

If following an investigation of the alleged incident it is determined that the incident occurred, such non-school employee shall thereafter be barred from attendance and/or participation in any school sponsored activity for a period of six months. Each principal shall designate a faculty member to serve as the school’s school-based coordinator and the name of such person shall be provided to the district-wide coordinator. Disciplinary action in response to harassment, intimidation or discrimination based on race, color, and/or national origin: An appropriate discipline, minimally comprised of a written reprimand and at the maximum suspension or termination of employment, commensurate with the incident or failure to report, shall be imposed upon any school employee who violates this policy or who fails to report an incident witnessed by such employee, or where the employee fails to take an appropriate action to make or ensure that the incident of harassment, intimidation, or discrimination based on the race, color, and/or national origin of the student is reported. Students found to have harassed or intimidated a fellow student based upon such student’s race, color, and/or national origin shall receive an appropriate discipline taking into consideration the student’s age and maturity level. Such discipline may include a warning, suspension, or expulsion of the offending student. Where an offending student engages in repeated acts of harassment or intimidation based upon another student’s race, color, and/or national origin, the discipline administered shall reflect the fact of the repeated behavior and shall minimally require the suspension or expulsion of the offending student.

Immediate disciplinary action may be taken for incidents involving physical attacks against a person and/or damage or destruction of property where the value of the damaged or destroyed property is fifty ($50.00) dollars or more. The School District will discipline or take appropriate action against any student, teacher, administrator, or other school employee who retaliates against any person who reports an alleged incident of harassment, intimidation, or discrimination based on the race, color, and/or national origin of a student or one who testifies, assists, or participates in an investigation or other action related to such harassment, intimidation, or discrimination report. Lisa Fussell, Title IX Coordinator, may be contacted by telephone (985-748-7153) or email (Lisa.Fussell@tangischools.org). Her duties include the following:

1. Informing the Superintendent and School Board Members of complaints and reports of harassment based on race, color, or national origin;
2. Investigating such complaints and/or advising and assisting other school personnel in handling such complaints and reports of harassment based on race, color, or national origin;
3. Preparation of a report making findings based upon an investigation of an incident of harassment or intimidation based on the race, color, or national origin of a student;
4. Mailing by return receipt mail of a report containing a finding of harassment or intimidation based on the race, color, or national origin of a student to the family of the student victim and the student perpetrator;
5. Maintenance and review of documentation of harassment, intimidation, or discrimination incidents;
6. Review of the effectiveness of the School District’s efforts to correct and prevent harassment, intimidation, or discrimination based on race, color, or national origin;
7. Assessment of the effectiveness of training for school-based coordinators, staff, administrators, and students and proposing improvements to such training where necessary;
8. Publication of this policy in the Student Handbook;
9. Review of the school district’s curriculum to assure that it provides instruction to students as to how to prevent instances of harassment/intimidation based on race, color, or national origin;
10. Review on an annual basis to determine whether a systemic response or change in the district-wide or individual school, policies are required to effectively respond to complaints of harassment based on race, color, or national origin.

**Review of a Finding of Harassment or Intimidation Perpetrated by a Student:** Upon a finding by the district-wide coordinator, made after an investigation of an incident of alleged harassment/intimidation by a student, the student’s parent, legal guardian, or the student where emancipated may petition the School Board for a hearing to review the finding of the district-wide coordinator prior to the imposition of discipline. A request for review must be physically received by the district-wide coordinator within 15 days of the date the finding is received by the parent, legal guardian, or emancipated student. If the fifteenth day falls on a weekend or school holiday, the request for review shall be deemed timely submitted if physically received by the district-wide coordinator on the next school day. By at least a majority vote of the members of the School Board present and voting, the findings of the district-wide coordinator shall either be upheld or set aside.
Review of a Finding of Harassment, Intimidation or discrimination by a School Employee: Upon a finding by the district-wide coordinator made after an investigation of an incident of alleged harassment, intimidation, or discrimination allegedly committed by a school employee, such finding shall be reviewed by the superintendent of schools who, upon concurrence with such finding, shall recommend an appropriate disciplinary action to the school board for consideration. By at least a majority vote of the members of the school board present and voting the recommendation of the superintendent shall either be adopted or rejected. Should the superintendent of schools determine that the findings of the district-wide coordinator are not based upon a sufficiently credible factual basis, he/she shall so advise the district-wide coordinator in writing and provide a copy thereof to the court compliance officer. A request for review must be submitted in writing within fifteen school days of receipt of notification from the Superintendent of his/her concurrence with the findings of the district-wide coordinator. Notification of concurrence shall be made by return receipt mail. Review of a finding of harassment/intimidation or discrimination by a non-school employee: A non-school employee seeking review of a finding by the district-wide coordinator of an incident of harassment/intimidation or discrimination may request review by the School Board by submitting a written request for review within 15 days of receipt of notification from the district-wide coordinator of a finding of an incident of harassment/intimidation or discrimination. Notification shall be made by return receipt mail. By at least a majority vote of the members present and voting, the finding by the district-wide coordinator shall either be upheld or set aside.

Review in Executive Session: A parent, emancipated minor, school employee, or non-school employee may request that the review provided for herein be conducted in an executive session. School Board action on the review shall be made in open session.
